

IMMUNIZATION CLINICS

Clinics are held monthly (by appointment only) in Wisconsin Rapids and Marshfield.

A parent or legal guardian MUST accompany children under the age of 18. If parent or guardian is unable to accompany the child to the clinic, they should contact the Health Department prior to clinic time for arrangements to complete and sign the consent forms.

Childhood Immunizations (ages 0-18)

Department of Health Services has implemented stricter eligibility requirements for children and adults receiving vaccines.

Adult Immunizations (ages 19+)

Eligibility and fees vary depending on vaccines.

➔ **Call for eligibility information and to make an appointment.**
715-421-8911
715-387-8646.

PLEASE bring your immunization record with you to the clinic.

PLEASE bring your child's Badger Care/Forward Card if eligible.

Oral vaccine to prevent rotavirus that causes severe diarrhea in babies. Given to infants 6-32 weeks of age.

Influenza

Reduces risk of influenza virus.

RECOMMENDED IMMUNIZATION SCHEDULE

Wood County Health Department follows the recommended schedule as suggested for disease control and to ensure maximum protection for your child.

2 months:	DTaP, Hib, IPV, Hep B, PCV 13, Rotavirus
4 months:	DTaP, Hib, IPV, Hep B (if the first dose was given at 2 months), PCV 13, Rotavirus
6 months:	DTaP, (there must be a 6 month separation between the 3 rd and 4 th dose of DTaP), PCV 13 Rotavirus
6-18 months:	IPV, Hep B
12 months:	Hib, MMR, PCV13, Varicella, Hep A
15-18 months:	DTaP, Hep A (must be 6 months between 1 st -2 nd dose of Hep A)
4-6 years:	DTaP, IPV, MMR, Varicella Hep B series (if not received previously)
11-12 years:	MCV4*, Tdap**, HPV*** (2 dose series)

*A second dose of MCV4 is needed at age 16. **Td booster every 10 years thereafter. ***If HPV is started after age 15 a 3 dose series is recommended. An annual flu

vaccine is recommended at 6 months of age and thereafter.

State law requires that all public and private school and daycare students present written evidence of immunizations against certain diseases within 30 days of admission. These requirements can be waived only if a properly signed health, religious or personal conviction waiver is filed with the school/daycare.

SCHOOL IMMUNIZATION LAW

ENTRANCE TO GRADE K-12

- 4 – DTP, DTaP, DT, Td
- 1 – Tdap for grades 6-12
(or Td booster in past 5 years)
- 4 – IPV
- 2 – MMR
- 3 – Hepatitis B
- 2 – Varicella
(or history of Chickenpox disease)

If your child received the 3rd dose of DTP/DTaP/Td or IPV after the 4th birthday, further doses of these vaccines are recommended but not required.

ENTRANCE TO DAYCARE

- 5 months through 15 months
 - 2 DTP/DTaP/DT; 2 IPV; 2 Hep B;
 - 2 Hib; 2 PCV13
- 16 months through 23 months
 - 3 DTP/DTaP/DT; 2 IPV; 2 Hep B;
 - 3 Hib; 1 MMR; 3 PCV13
- 2 years through 4 years
 - 4 DTP/DTaP/DT; 3 IPV; 3 Hep B;
 - 3 Hib; 1 MMR, 1 Varicella; 3 PCV13
