**MINUTES**  
**HIGHWAY, INFRASTRUCTURE & RECREATION COMMITTEE**

**DATE:** Thursday, December 7, 2023  
**TIME:** 9:00 a.m.  
**PLACE:** Highway Dept., Conference Room

**MEMBERS PRESENT:** Jake Hahn, Dave LaFontaine, John Hokamp, Lee Thao, Al Breu

**OTHERS PRESENT:** Trent Miner, County Clerk, see attached sign-in sheet

1. Chairman Hahn called the meeting to order at 9:00 AM and declared a quorum present.
2. There was no public comment
3. Schubert brought forward a request from the Wood County Rifle & Pistol Club to extend their lease of county forest land another 10 years. This lease has been ongoing for over 70 years. Motion by LaFontaine/Hokamp to approve the lease an additional 10 years. Motion carried unanimously.
4. ATV Update: A pre-bid meeting was held for the upcoming bridge project on the Hay Creek trail. Bids will go out shortly.
5. The minutes of the November 10 & 28, 2023 meetings were reviewed. Motion by LaFontaine/Thao to accept them as presented. Motion carried unanimously.
6. The Highway Dept. staff report was reviewed. Due to extreme lag time in getting equipment, the CIP budget for machinery is adjusted based on the lead times and when equipment is needed and used. Hawk reported that there is a need for a track hoe, which can be obtained and used in 2024. It was in the CIP for 2026. Motion by Breu/LaFontaine to approve this adjustment and purchase of a track hoe. Motion carried unanimously.
7. Motion by LaFontaine/Breu to approve the Highway Dept. vouchers. Motion carried unanimously.
8. Hawk informed the committee that a larger wetland mitigation site has become available in the Town of Rock that would allow the county to possible sell some wetland credits to private entities in order to recoup the costs of the site. Motion by Hahn/Breu to direct the Highway Commissioner to explore and negotiate the possible purchase of the 130 acre site. Motion carried unanimously.
9. The Parks & Forestry staff reports were presented.
10. Special Use permits were presented:

- a. South Park Red Sand Beach – Closures for the 2024 Water Ski Show and practices. Motion by LaFontaine/Breu to approve the special use permit and fees as presented. Motion carried unanimously.
  - b. Wood County Shooting Range – to be used for private security and private detective training course, April 22-24, 2024. Motion by LaFontaine/Thao to approve the special use permit as staff has recommended. Motion carried unanimously.
11. Schubert presented 6 expiring timber contracts for review. Motion by LaFontaine/Breu to accept staff recommendations of all contracts presented. Motion carried unanimously.
  12. Parks & Forestry revenue reports were reviewed. Motion by LaFontaine/Hokamp to approve the revenue reports as presented. Motion carried unanimously.
  13. Motion by Thao/Hokamp to approve the Parks & Forestry vouchers. Motion carried unanimously.
  14. The next meeting will be held on Thursday, January 4, 2024 at 9:00 AM at the Highway Department Conference Room.
  15. Motion by Hokamp/Thao to move into closed session pursuant to Wis. Stats. 19.85(1)(c), to conduct performance reviews of department heads they oversee. Motion carried unanimously.
  16. Motion by Thao/LaFontaine to move back into open session. Motion carried unanimously.
  17. Motion by LaFontaine/Hokamp to adjourn. Motion carried at 10:31 AM.

Minutes taken by Trent Miner, County Clerk, and are in draft form until approved at the next meeting.

OFFICE OF  
HIGHWAY COMMISSION

*Roland Hawk*  
COMMISSIONER

December 27, 2023

To: Highway, Infrastructure & Recreation Committee

From: Roland Hawk, Highway Commissioner

Subject: Commissioner Report for January 4, 2024 HIRC meeting

---

### Department Activities

#### Personnel/Administration

One vacancy is currently posted. The asphalt plant loader operator accepted the crusher operator position, interviews for the loader operator position will be scheduled for late January 2024.

Commissioner is seeking approval to travel out of state for TDA Fly-in March 20-21, 2024, and NACE Conference in Palm Springs, CA April 15 – 19, 2024.

#### Highway/Facility Projects

##### 2024 Engineering Projects

- WisDOT STP Project CTH F & HH Intersection *Construction 2026*
  - Design Engineering 55% Complete
- WisDOT STP Bridge CTH N (STH 186 – CTH N) *Construction 2025*
  - Design Engineering 30% Complete
- WisDOT STP Urban (BIL) CTH U Village of Biron *Construction 2026*
  - Public Information meeting conducted December 5, 2023
  - Review of resident concerns December 14, 2023
  - DNR coordination
  - Working with WisDOT & Vil of Biron on early acquisition of relocation
- CTH Z CHI & BIA funded 2024 pavement replacement
  - Pavement Analysis completed
  - Met with cranberry marsh owner December 14, 2023
- CTH BB Realignment Project
  - Plans 40% complete
  - Commissioner met with property owners November 14
  - Commissioner & Property owner agreed on R/W and relocation of existing house.
- CTH K & P Intersection
  - Plans currently advertised for bids
  - Bids to be opened January 31, 2024
- Marshfield Brine Building
  - Working with Architect to renew State Plan Approval for plans to go to bid in January
- CTH A Corridor Preliminary Engineering
  - Commissioner met December 6 with selected consultant for contract negotiations

Commissioner & staff met with Facilities Manager Reuben Van Tassel December 21 to review Architect's plans for women's locker/restroom room at the Wisconsin Rapids Highway shop. Bid documents are anticipated to be available for contractors in coming months.

Work is anticipated to begin early January constructing front door security and vestibule. Anticipated completion in early 2024.

Commissioner contacted architect who designed Marshfield Brine Building to recertify state plans and move forward with constructing brine building in 2024. WisDOT has allocated funds to purchase a brine maker for Marshfield in 2024.

Commissioner and staff have had additional meetings with Environmental Specialist, WDNR & US ACOE related to potential wetland mitigation site. The site identified in the Town of Rock is located in the Upper Mississippi Black Root Service Area. Wood County is split among three wetland drainage service areas. Mitigation must take place within the designated service area. Approximately 25% of Wood County exists in the Upper Mississippi Black Root Service Area. However, there are no current wetland mitigation bank sites in this service area. Both the WDNR and US ACOE have agreed there is a need for approved sites in this service area and Wood County could sell credits from this mitigation site to both private and public entities once the credits have been verified by the agencies. There are approximately 66 credits (acres) of mitigation identified in the initial review.

- Of the 127 acres, approximately 80 – 90 acres are needed for the mitigation and buffer zone
- There is a potential neighbor willing to acquire the excess lands
- DNR verified credits in neighboring service areas are selling for \$80K/acre
- Price is based on quality/quantity and competition

### Highway Maintenance

Work in December included:

- Sign replacements,
- Bridge repairs,
- Crushing recycled asphalt,
- Ditch maintenance,
- Pavement repairs,
- Snow fence installation
- Brushing & mowing,
- Construction of parking lot & roadway at Powers Bluff

### WCHA Events & Misc. Meetings since last HIRC meeting

## EQUIPMENT

Highway has signed intent to purchase for a used track backhoe. Delivery will be in January 2024. Shop supervisor truck was purchased from Wheelers and delivery to WCH was December 19.

Fuel system at Marshfield facility is routinely needing repairs and is aging. Commissioner is working with Petrotech to design new system as part of the 2025 CIP

## Accounting Supervisor Report

By John Peckham, Wood County Highway Department Accounting Supervisor

HIRC Meeting

### Revenues

Revenues, in most cases, are as anticipated. It should be noted that, due to timing differences, not all revenues have been recorded yet.

LRIP revenues, as compared to budget, appear to be down. However, the Department is in the process of requesting reimbursements for costs on several of our projects.

Revenues for State Charges, Road Aid, and Bridge Aid are all showing as down compared to budgeted. Most of these are tied closely to expenses in their respective funds and some of the revenues are yet to be recognized.

Permit revenues, State Performance Based Maintenance revenues, and some Local Government charges have all performed over budget.

Bituminous revenues also outperformed the budgeted figure.

### Expenses

Expenses are as anticipated in most areas.

Bituminous operations expenses were slightly over budget but were offset by additional revenues.

GANG maintenance and materials were over budget. There was an adjustment to the 2024 budget to try and bring GANG maintenance costs more in line with what the Department is currently experiencing in that area.

State and local work expenses were over budget but will have offsetting revenues as the timing differences resolve.

Capital Projects show as over budget but we will be receiving reimbursements from the State and BIA to offset much of that overage.

# Parks & Forestry Department Reports

January 4, 2024

## **Director Report, by Chad Schooley**

- Assisted with interviews for new FTE Parks Maintenance Worker position.
- Continue assisting with South Park storm shelter project management. Ground breaking for project occurred the week of December 18<sup>th</sup>.
- Attended leadership training at MSTC, facilitated by HR Department.
- Reviewing year end budgets and Fixed Asset inventory for Finance Department
- Assisting with 2024 Work Plan development. Copy to be included in the packet for review.
- Working with Paul B. from P&Z on updated Powers Bluff maps.
- I would like to request carryover of excess Parks and Forestry revenues, as we've done in previous years. Due to the dry weather this summer, many of the logging contracts were completed resulting in a very good revenues. Estimated amount exceeding budget is \$256,260.00. We will work with Finance to verify the final number for carryover into the Capital Projects non-lapsing account.
- The Nepco Lake District MOA is included in the packet. This document was necessary in order to waive the annual fees associated with the Lake District and for identifying ways in which Wood County will assist the District moving forward.
- **Special Use Permits**  
-None at this time

## **Maintenance Program Supervisor Report, by Dan Vollert**

### **Construction Projects**

- South Park Storm Shelter-Altman Construction currently working on.
- North Park Suspension Bridge repair-Western portion of bridge is disassembled and old beams and decking discarded. Few overhanging trees removed and walk trail to bridge is established. Engineer getting quote together for I beams to support western section of bridge. Highway Dept. has prepped area for installation.
- Powers Bluff entrance road and trailhead parking lot have been put in by Highway Dept. and nonmetallic sand pit on property filled and graded with excess fill.

### **Maintenance Operations**

- New South Park 1-ton plow truck is in. New Boss V-Plow ordered.
- South Park-brushing back property line between Grove Ave. South to North Park Road. Also cutting trees back on north & south sides of North & South Park Roads.
- Park buildings, dump stations, boat landings, etc. are closed for season in all parks.
- North Park- Hawthorne Hill, 50 amp electrical pedestal upgrade completed and landscaped. Transformers were recently set by Alliant Energy to finish project.
- Dexter Park-memorial bench has been set on concrete pad that has been poured.
- Powers Bluff-bike trail cleanup and prepping for winter sports.

- Wood cutting operations in all parks.
- Table repair and equipment servicing at all three campground locations for the offseason.

### **Employee Matters**

- Jarod Kannarr has started on January 2, filling South Park's second FTE Parks Maintenance Worker position.
- Both First Responders, from last year, Chris Boll & Christina Klein are coming back for upcoming winter season at PB.
- Powers Bluff work schedule for FTEs, LTEs, & First Responders completed.
- Powers Bluff yearly training and employee meeting was held on December 13.

### **Snowmobile/ATV**

- Attended AWSC meetings on Dec. 4. Preparing for upcoming 2023-24 Snowmobile Season. (Insurance, easements, maintenance contracts and new club member paperwork filtering in.)
- Snowmobile Grants have been awarded for Auburndale (DH) bridge and Rudolph-Plum Road Culvert Project. Working with Jewell Engineering on bidding out projects.
- Culverts installed on Hay Creek ATV Trail and upgrading forestry road, mowing back trail with Highway's brush trimmer, and prepping for road base. Bridge bidding was performed by Jewell Engineering. (See attached Hay Creek Bridge Bids)
- Preparing Application to DNR for new trail Snowmobile funding for Rudolph River Rover Snowmobile Club. Proposed route would run from County Line Road, north of Rudolph, west to County Highway C, to join the Vesper Snowdrifter trail system.

### **Office Supervisor Report, by Stacie Kleifgen**

- Assisted with December 15<sup>th</sup> Timber Sale.
- Created new Power's Bluff winter recreation forms. Added the availability of the shelter for sledding reservations and a punch card option for tubing. Promoted new additions on Facebook, and Chad and I went on a local radio show to promote.
- Assisted in interviews for new Maintenance Worker.
- Created new AP and AR tracking system for 2024, cleaned up files for 2023 audit and got new files ready for 2024.
- Updated forms for 2024 - daily time sheets, payroll sheets, call out sheets, etc.
- Created templates for scheduling calendars.

### **Forest Administrator Report, by Fritz Schubert**

- Timber Sales: Seven active timber sales in December. Ground conditions in December have been challenging, however loggers have been able to operate marginally well on the contracts they were working the previous month. Trucking has recently slowed due to the fact that frozen woods roads have now thawed out. In spite of all this December timber revenue was excellent. 2023 total timber revenue is the second highest on record.
- Held timber bid on December 15, 2023 in the P&F office. Bid results are in the committee packet.
- Drafted and mailed contract extensions approved by HIRC in December.
- Completed 2024 Wood County Forest Annual Work Plan. Resolution to approve work plan is in the committee packet. Approval is required by WDNR in order for counties to receive the County Forest Administrator Grant.
- Began timber sale reestablishment for contracts that weren't extended in December. These timber sales will be included in our spring timber bid process.

- Arranged for road base delivery and improvements on Hazelnut Trail.
- Forestry Technician: Cleaned shooting range, mowed roads and trails in county forest, maintained/improved Hazelnut Trail, installed culverts and improved portion of Hay Creek ATV trail, assisted with prep for North Park suspension bridge project, machinery maintenance/ repair activities associated with JCB skid steer.

## NEPCO Lake District and NEPCO Lake County Park Parcel Exemption Memorandum of Agreement

This Agreement ("Agreement") is made and entered into on January 4, 2024 by and between Wood County (the "Owner") and the NEPCO Lake District (the "Lake District").

WHEREAS, the Lake District can be funded through tax levies, special charges, assessments, grants, or donations.

WHEREAS, the Lake District has agreed to exempt parcel numbers 2700579A, 2700567, 2700570B, 2700566, 2700573A, which is owned by the Owner at the time of writing this agreement, from paying any tax, annual special charge or assessment for purposes of the Lake District, and these parcels will be considered Exempt status ("Exempt") by the Lake District. These parcels are Exempt in consideration that the parcels have been determined to be used for the purpose of establishing parks and other public access and carry County Exempt (X3) assessment status. In addition, the Owner has and will continue to provide a value or benefit to the Lake District, where the Owner will continue to allow the Lake District to utilize the boat landing area, located on parcel 2700566, for the purpose of weed offloading and equipment docking, as approved by Owner providing that the Lake District does not adversely impact public use of the boat landing, complies with all legal and other requirements to allow weed harvesting, and harvests weeds in the NEPCO Lake Park beach area on a regular schedule during weed harvesting season. Owner agrees to consider concepts and designs for future weed offloading and equipment docking site improvements.

The parties agree as follows:

1. Taxed / Assessed Properties. The parties agree that this Agreement in no way alters the obligation of the Owner to any taxes not related to the Lake District, if assessed by other governing entities on any parcels listed in this agreement.
2. Exempt Properties. The parties agree that the Exempt status of the parcels named above shall remain unless property is conveyed to an unrelated third party. If an Exempt property's use or ownership or recorded property boundary is changed, then that specific Exempt property may lose its exempt status at the discretion of the Lake District Board.
3. The parties agree that once the annual special charge or assessment is established by the Lake District on an annual basis, a listing of all the parcels subject to the charge shall be generated by the Lake District. That list shall be transmitted to the applicable municipal governments for tax bill processing. At that time, the properties owned by Owner that meet the Exempt status shall not be charged a tax, special charge or special assessment by the Lake District. The Lake District agrees that if the Lake District assesses or charges any fees on the Exempt properties that are not consistent with this Agreement, then the Lake District shall indemnify and reimburse Owner for any such assessment or charge that the Owner pays for an Exempt property.

4. Miscellaneous.

- A. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.
- B. This Agreement contains the entire understanding between the parties and supersedes all prior negotiations, understandings and agreements between them, whether written or oral.
- C. This Agreement may not be amended except in writing signed by all parties.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first above written.

## WOOD COUNTY FOREST 2024 ANNUAL WORK PLAN

The mission of the Wood County Forest is to provide current and future generations with outdoor recreational opportunities while managing timber resources for raw materials for wood using industries on a sustainable basis.

Management of the Forest balances local needs with broader concerns through integration of forestry, wildlife, fisheries, endangered resources, water and air quality, soil, and recreational recommendations and practices. Multiple-use management will provide this variety of products and recreational amenities for the future with sound forestry management practices. The Forest will also be managed for such environmental needs as watershed protection, the protection of rare plant and animal communities, and biological diversity.

**The Wood County Forest will be protected from natural catastrophes such as fire, insect and disease outbreaks, and from possible detrimental effects of human encroachment, over-utilization, environmental degradation and excessive development.**

## ANNUAL DNR TIME STANDARDS

Each year the county forest administrator and the Department of Natural Resources (DNR) liaison forester meet for an annual meeting. During this meeting one of the discussion topics is the DNR's availability to work on the county forest, also known as "Time Standards". Time Standard hours were revised in 2022 resulting in the current DNR minimum Time Standard commitment of **819** hours (a decrease of 19 hours). This new Time Standards revision affects all county forests and is to be in effect until the end of DNR fiscal year 2027. The DNR Time Standard commitment has fluctuated over the years. A summary follows: **893** hours in the years 2004–2007, **781** hours in years 2008–2013, **740** hours in years 2014–2018, **755** hours in 2019, **838** hours in 2020–2022 and **819** hours for 2023 to 2027.

The recent downward trend in time standard hours dedicated to Wood County Forest is slightly disappointing but its effect should be minimal. Historically the DNR has always exceeded their time standard commitment in Wood County. This past year the DNR contributed **838.25** hours, thus meeting and slightly exceeding the **819** hour Time Standard minimum for 2023. Wood County is experiencing an increased interest, pressure, and opportunity for land trades and acquisitions that could benefit the county forest. It is possible an adjustment to the Time Standards will be needed to address increased workloads associated with land trades/acquisitions.

## TIMBER SALE NEEDS IN 2024

The timber sale program on the forest continues to generate substantial revenues for the county. Gross timber revenues for 2023 were \$699,981.27 (or \$629,983.14 net). Each year we examine the timber harvest schedule from the Wood County Forest / DNR forest inventory data, and GIS representation of

the Wood County Forest to identify areas in need of a harvest or thinning. To maintain a sustainable flow of income to the county, timber sales are established throughout the year and then sold at bid openings, usually targeted for spring and fall. Once contracts have been signed, loggers usually have two years to harvest the timber on each sale. This past year, we established ten timber sales on 396 acres.

**Potential Timber Sales for 2024:**

*\* Note: It is anticipated some older existing contracts will expire and may not be extended. Therefore there will likely be additional timber sale acreage added due the necessity of reestablishment of those particular acreages.*

**WILDLIFE HABITAT PROJECTS:**

Wildlife Habitat Grant funding was cut by 50% in 2009 due to DNR budgetary concerns. What was once known as “Dime-an-Acre” has now become “Nickel-an-Acre”.

Wildlife projects, utilizing Nickel-an-Acre monies, identified for the year 2024 include:

- Red-Shouldered Hawk/Goshawk: Survey suitable habitat within new timber harvest areas as needed. Survey sites include: compartment 62, stands 6,7,17 and compartment 76 stands 1,4.
- Herbicide control of invasive species (buckthorn) located in South Bluff block of county forest.

**2024 REFORESTATION/CULTURAL PROJECTS:**

**a) Reforestation:**

- Red and white pine seedlings are scheduled to be planted on 75 acres in compartment 73, stand 11 and compartment 71, stand 20. These sites will be hand planted at a rate of approximately 900 trees per acre in spring 2024.
- Chemical site prep is scheduled to occur mid to late summer 2024, on 22 acres in compartment 71, stand 2. This site will be planted in spring 2025 with a mix of red and white pine seedlings.
- Mechanical site prep with roller chopper is scheduled to occur summer of 2024 on up to 84 acres in compartment 19, stand 14 (48 acres) and compartment 62, stand 1 (36 acres). These sites will be treated with herbicide and hand planted to red and white pine in subsequent years.
- Jack pine seeding: The following is a list of sites that have been identified as suitable for seeding to jack pine. These sites, and possibly others, will be scarified with assistance from DNR dozer(s) followed by direct seeding to jack pine as availability of machinery and personnel permits.

Compartment	Stand(s)	Acreage

62	1	35	R.PINE, W.PINE	Mechanical Site Prep. (roller-chopper) 2023, Pre-plant herbicide 2024

**TOTAL= 137 acres**

**RECON UPDATING:**

- Routine recon updates due to timber sales completion as needed.
- Backlog recon project: update recon in compartments 25 and 26, approximately 542 acres. These compartments contain some of the oldest and most outdated data on the county forest. Due to difficult access and resulting lack of past management it is suspected that composition and health of these forest acres may have changed significantly. Updated recon data is crucial to future management decisions.
- Evaluate natural and artificial regeneration on approximately 670 acres.

**OTHER WORK NEEDS:**

**a) Forestry Technician:**

- Continue training Forestry Technician to improve skills related to forestry aspects of the position. The Technician position shall be focused on timber stand improvement, invasive species management, forest infrastructure maintenance, and shall assist with timber sale establishment, forest recon, tree planting, surveys, ATV trail development, etc.

**b) Road Repairs & Access Management:**

Road improvement efforts in 2023 were somewhat reduced due to other work priorities. Therefore improvements and regular maintenance will be placed as a higher priority in 2024. Heavily traveled county forest roads open to vehicular travel are in decent shape but still vulnerable to wet conditions. Furthermore, it is expected road maintenance needs will increase on certain roads destined to become

part of the new Wood County ATV trail system. Road maintenance and improvements will continue to be a main work priority for the forestry technician.

- Continue project to repair and protect damaged roads on the county forest. Road repairs and closures will occur throughout the county forest as time and manpower permit. Install boulders and rebuild berms throughout county forest where vehicles are gaining illegal access and damaging roads or dumping trash.
- Begin project to improve road and install railroad crossing in compartment 46 for the purpose of timber sale access.
- Improve parking and vehicular access control off Puff Creek Boulevard (south access to the Richfield 360 block of county forest).

**c) Recreation:**

- **ATV Trail Improvement:** Maintain trail identification and signage improvements to the Wood County ATV intensive use area located south of HWY 54 near Port Edwards. Also, work with DNR forestry technicians to incorporate dozer-training time for trail maintenance purposes whenever possible. Improve access for emergency vehicles and first responders.
- **Maintain new ATV trail system** on county forest including signage, brushing, grading.
- **ATV Trail Development:** Work with Wood County ATV Trail Coordinator on existing Hay Creek trail development project on Wood County Forest. Continue identification and planning for future trail development projects within Wood County Forest lands.
- **Mountain Bike Trail:** Work with local individuals who have begun developing a mountain bike trail system in the South Bluff Block of Wood County Forest. Maintain helicopter-landing site for emergency response.
- **Disabled Hunter Blinds:** Improve/develop system to reserve blinds, notify public of use of blinds and associated areas. Work with DNR to determine the legality of limiting public use and amend forestry ordinance if necessary. Continue to make necessary repairs to blinds and regrade, improve access/gravel approach.

**d) Land Surveying Needs:**

- Several areas of the county forest are in need of surveying and boundary line establishment. We will continue a survey project, using budgeted dollars, to facilitate timber sale establishment in areas of the county forest in need of management. We will also work with neighboring landowner requests to locate property lines provided good monumentation exists, and as time permits.

**e) Easements, Encroachments, Land Transactions:**

- Investigate and address easement, land trade requests and encroachments as they arise. Investigate opportunities to purchase parcels advantageous to the management of the county forest as they arise. Currently several parties have expressed interest in either trading for County Forest lands, or possibly selling their property for addition to the Wood County Forest.
- **County Forest Withdrawal:** Continue working with WDNR and Wood County Highway Department on withdrawal of approximately 3 acres of County Forest land, adjacent to State Highway 80, in Dexterville for the purpose of constructing a new salt shed for Highway Department use.

- Utility Easements: Fiber-optic and other utility activity is increasing in Wood County and it is expected that these developments will impact the Wood County Forest and result in additional increased workload.

**f) Forest Certification:**

- Continue to make changes necessary to comply with forest certification corrective actions previously identified and as solutions are developed.

**g) Wildlife Habitat:**

- Continue to involve the wildlife biologist in timber sales design, planning for Nickel-an-Acre grant funds, and in identifying wildlife habitat improvement projects.

**h) Invasive Species:**

- Continue efforts to treat most severe infestations of buckthorn. County forest locations include timber stands in Compartments 69,74,75,79.

**i) Beaver Issues:**

- Continue to address increasing complaints about beaver activities on Wood County Forest where they are negatively affecting town roads and recreational trails. Make use of volunteer trappers whenever possible.

**k) Technical Forestry Training & Technology:**

- Take advantage of training and continuing educational opportunities offered through DNR, FISTA, and other professional forestry organizations as time permits.
- Continue to improve proficiency in use of GIS, GPS, and related technology. As needed, attend training to utilize this technology for managing the county forest more efficiently.
- Cooperate with other entities (e.g. FISTA, UWSP, WLAWCA) to promote forestry and natural resource educational efforts.

**l) Drainage Ditch Management:**

- Continue efforts to work with cranberry grower requests to clean selected ditches to improve drainage. Ditch cleaning projects will be discussed with appropriate DNR, Army Corps of Engineers, County Planning and Zoning personnel to insure proper design and permits are in place.
- Incorporate possible ditch cleaning operations/requests into timber sale design and harvest schedule

**m) Hardwood Bombing Range Expansion:**

Although the issue of the Hardwood Bombing Range has subsided and there are no current expansion plans known, we will continue maintain relations with the Air National Guard and monitor and respond as necessary to issues relating to the bombing range.

**RESOLUTION NUMBER 23-2023**

**Resolution in opposition to Wisconsin Legislative Reference Bureau 2023 Bill  
Proposal LRB-3518/1**

The County Board of Supervisors of Green Lake County, Green Lake, Wisconsin, duly assembled at its regular meeting begun on the 14<sup>th</sup> day of November, 2023, does resolve as follows:

- 1 **WHEREAS**, a proposed bill to amend and create statutory authority regulating
- 2 wakesurfing and wakeboarding has been created in the form of LRB-3518/1.
- 3 **WHEREAS**, said bill proposes to create restrictions specifically on wakeboarding and
- 4 wakesurfing on Wisconsin waters.
- 5 **WHEREAS**, said bill would significantly hinder a local municipality's ability to create and
- 6 pass its own laws, tailored to address its own unique, local issues.
- 7 **WHEREAS**, said bill would establish parameters at the state level that would apply the
- 8 same to all Wisconsin waters, regardless of size and circumstances.
- 9 **WHEREAS**, said bill fails to mention any scientific data supporting its proposed actions.
- 10 No fiscal impact anticipated.
- 11 Majority vote is needed to pass.

12 **NOW THEREFORE BE IT RESOLVED**, that the Green Lake County Board of  
13 Supervisors recognizes that wakeboarding and wakesurfing possess the potential to  
14 impact multiple public waters located within Green Lake County.

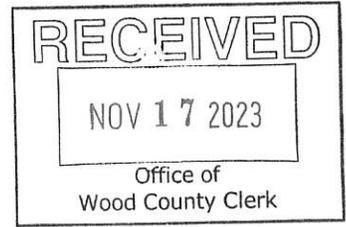

15 **BE IT FURTHER RESOLVED** that the Green Lake County Board of Supervisors does  
16 not support 2023 LRB-3518/1 in its current form.

17 **BE IT FURTHER RESOLVED** that the Green Lake County Board of Supervisors prefers  
18 for local municipalities to maintain a higher degree of autonomy in addressing this issue.

19 **BE IT FURTHER RESOLVED** that the Green Lake County Board of Supervisors  
20 believes that any proposal be based upon reliable, scientific findings and that any  
21 proposed legislation refer to the same.

22 **BE IT FURTHER RESOLVED** that a copy of this resolution be sent to all counties,  
23 Wisconsin Counties Association, the legislature, Governor, and secretary of the DNR.

Resolution 2023- 27

**RESOLUTION ON ENHANCED WAKE REGULATIONS**

**WHEREAS:** the lakes of Sawyer County, Wisconsin are integral to the recreational base of the economy in Sawyer County.

**AND WHEREAS:** Legislation has been proposed to regulate wakesurfing and wakeboarding,

**AND WHEREAS:** the legislation as currently written fails to set minimum standards for the protection of private property, public safety and enjoyment, and aquatic environments,

**AND WHEREAS:** several towns in Sawyer County have already set standards that use evidence from aquatic and engineering studies which protect shorelines of lakes in Sawyer County from erosion by these enhanced wakes,

**AND WHEREAS:** the legislation fails to include a standard related to wake depth that would protect water quality in lakes from scouring by enhanced wakes,

**AND WHEREAS:** The legislation repeats standards already in place in other statutes,

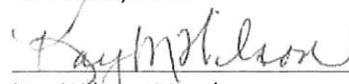

**THEREFORE,** be it resolved that the Sawyer County Board of Supervisors does recommend that the Wisconsin Legislature engage in meaningful discussions to pass standards that balance the right of everyone to recreate on waters of the State of Wisconsin, by affirming that;

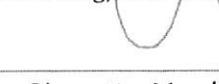

Wisconsin's local governments deserve local control to set their own standards beyond state minimums, of at least 700 feet from the shore, and to prohibit enhanced wake creation in waters shallower than at least 30 feet in depth.

Recommended for adoption by the Sawyer County Board of Supervisors at its meeting on November 14, 2023, by the Land, Water and Forest Resources Committee at their November 8, 2023 meeting.
