Wood County WISCONSIN

Office of Finance Director

Edward Newton Finance Director

June 29, 2022

To the Members of the Wood County Board of Supervisors, the Operations Committee and the citizens of Wood County

The Annual Comprehensive Financial Report (Annual Report) of Wood County, Wisconsin (the County) for the fiscal year ended December 31, 2021, is hereby submitted.

This report has been prepared following the guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA). These guidelines conform substantially with high standards of public financial reporting, including Generally Accepted Accounting Principles (GAAP) promulgated by the Governmental Accounting Standards Board (GASB).

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the County. We believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial position, results of operations of the various funds, and the cash flows of our proprietary funds of the County. All disclosures necessary to enable the reader to gain maximum understanding of the County's financial affairs have been included.

County management is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the government are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the costs of control should not exceed the benefits likely to be derived and (2) the evaluation of costs and benefits requires estimates and judgments by management.

Wipfli LLP has audited the County's financial statements in accordance with County policy and state and federal requirements. The goal of the independent audit was to provide reasonable assurance that the financial statements of Wood County for the year ended December 31, 2021, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that Wood County's financial statements for the year ended December 31, 2021, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

In addition to meeting the requirements set forth above, the County is required to undergo an annual single audit in conformity with the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the "Uniform Guidance") and the <u>State Single Audit Guidelines</u> issued by the Wisconsin Department of Administration. Information related to this single audit, including the schedule of federal and state financial assistance, findings and recommendations, the independent auditors' reports on internal control structure and compliance with applicable laws and regulations are available as a separately issued Single Audit Report.

111 W Jackson Street • P.O. Box 8095 • Wisconsin Rapids, Wisconsin 54495-8095 • Telephone (715) 421-8463 • Facsimile (715) 421-8698

REPORTING ENTITY AND ITS SERVICES

The County was incorporated in 1856 and operates under a County Board form of government. The Board of Supervisors is comprised of nineteen (19) members, elected by districts to serve concurrent two-year terms. The terms of the current Board expire in April 2022.

The County is located in central Wisconsin, approximately 160 miles northwest of Milwaukee and 180 miles southeast of Minneapolis/St Paul. The County has an area of 519,680 acres (812 sq. miles). The City of Wisconsin Rapids is the County Seat.

This Annual Report includes all funds, which include the operations of all departments shown in the organizational chart on page 8.

The County provides a full range of services. This includes judiciary services and legal counsel; general and financial administration, including tax collections; property records and register of deeds; county planning and zoning; public safety with sheriff, emergency government, shared dispatch and correction facilities; parks; health and human services; assistance to veterans and older Americans; library; forest conservation; coroner and surveyor; employment and training services; agricultural extension services; and the administration of federal, state and county elections. The County has proprietary fund operations for the Edgewater Nursing Home, Norwood Health Center and Highway Department enterprise funds and the Building Maintenance, Employee Self-Funded Health Insurance, Workers Compensation, Other Post-Employment Employee Benefits (OPEB) and PC Replacement internal service funds. The Wisconsin Municipal Mutual Insurance Corporation (WMMIC), the Wisconsin County Mutual Insurance Corporation (WCMIC) and any of the school districts or special districts listed in Table IIIc of the Annual Report are not included in the Annual Report because they have not met the established criteria for inclusion in the reporting entity.

The annual budget serves as the foundation for the County's financial planning and control. All Wood County departments are required to submit their budget requests to the Finance Department by August 15th of each year. The Operations Committee meets with each of the department heads along with their oversight committee chairperson in order to develop a proposed budget that satisfies the agreed upon parameters for that year's budget. The proposed budget is published a minimum of ten business days prior to a public hearing held the second Tuesday in November after which the budget is adopted by the County Board.

The budget is approved and controlled by the Board of Supervisors at the function level, which is the purpose or intent for incurring the expenditure. A function is normally a series of related accounts such as personal services, contractual services, supplies and expenses, building materials, fixed charges, debt service and capital outlay. A department can be made up of a single or multiple functions.

All appropriations in the general fund lapse at the end of the fiscal year unless specifically requested by the department and approved by the Operations Committee. The anticipated unused balances of the special revenue funds are generally encompassed in the subsequent year's budget request.

The budget process encompasses the activities of all funds of the governing body. In accordance with our system of internal accounting and budgeting control, no expenditure/expense can be allowed nor check processed unless an appropriation is available.

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the independent auditor's report.

ECONOMIC CONDITIONS AND OUTLOOK

Overall, the Wood County economy has increased in the past twelve months. The County's average unemployment rate decreased from 6.6% for 2020 to 2.3% for 2021, lower than the nation's average rate of 3.7% and slightly higher from the state's average unemployment rate of 2.0%.

RELEVANT FINANCIAL POLICIES

The Wood County Operations Committee and the full County Board had formal policies in place for budgeting, investing and debt. All policies adhere to the State Statutes but expand on the state law to fit the needs of Wood County. The budget policy guides the County through the annual budget process and sets procedures for administering the budget throughout the year. The investment policy sets forth the goals of the County while balancing acceptable risk in reaching those goals. The debt policy provides the guidelines on determining when debt is an appropriate financing tool, the types of debt that will be considered and manageable debt levels.

MAJOR INITIATIVES

All counties in the State of Wisconsin operate under a state imposed tax rate freeze and a tax levy limitation resulting in the demands for county services becoming continually more difficult to finance. The County is looking more and more to becoming a partner in economic development. Where in the past, economic development initiatives were more a function of individual municipalities, regional developments and partnering with municipalities is becoming a more common use of county resources. The County is confident in a return on our investment in economic development with growth in our tax base.

The main focus on our 2021 Capital Improvement Program (CIP) was to build a new jail and sheriff's office. The new jail will include 225 beds with the ability to double up to 85% of cells for a 300 bed total. This project will include the demolition of the existing jail creating space for future needs. The issues with the old jail was that it was outdated and had an unsafe configuration with the lack of housing capacity. Other reasons included high cost of housing inmates out of the county, rising insurance costs due to unsafe configuration, lack of programming space to avoid recidivism. The new jail will increase community safety and reduce long-term cost while improving the health and well-being of our community. The project has an estimated cost of \$58,000,000. The bid is expected to go out July 2022 and projected cost are estimated to increase upward of 10%. We have current agreements in place with the construction consultant's and the design and engineering group. Cost associated with these agreements are 9.0% of estimated costs. Construction is expected to begin September 2022.

Also, the 2021 CIP was to maintain the County's investment in buildings and equipment through scheduled replacements and remodeling and invest in technology to enhance our delivery of services. There were improvements added at the Parks & Forestry Department, the UW Stevens Point at Marshfield campus, Communications, improvements to Edgewater Nursing Home and Norwood Health Center and there was ongoing remodeling of the courthouse building and river block.

There is still an ongoing effort for maintenance and expansion of the County's infrastructure (such as highways and bridges) which still remains a major goal of the County Board. The Highway Commission has developed a five-year capital project plan that provides a framework for the development and maintenance of infrastructure to meet current and future needs. The Highway Commission has undertaken an aggressive program to repair and replace its highways and bridges. During the next couple years, the Highway Commission plans to repair four additional bridges including a major repaving project consisting of resurfacing between 15 and 20 miles per year is included in this plan.

The County borrowed \$61.5 million in 2021; \$58.0 million for the new jail and sheriff's office, \$1.0 million for Capital Improvements and \$2.5 million for Highway Construction.

CURRENT AND FUTURE PLANS

The County has been striving to maintain our level of services while balancing increasing demand for certain services with flat or dwindling economic resources. The County, for the most part, has been able to maintain most services through increased efficiencies and by regionalizing elements of our operations through such entities as the Aging & Disability Resource Center (ADRC-CW) and Inclusa.

The County is in the process of compiling the requested projects in the 2023-2027 Capital Improvement Plan (CIP). The requested projects will be prioritized and included or excluded from the plan based on the level of need and available funding.

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Wood County for its annual comprehensive financial report for the year ended December 31, 2020. This was the twenty-first consecutive year that the County has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

INVITATION AND ACKNOWLEDGMENTS

I invite the reader to continue into the remainder of the Annual Report. The County is an ever-changing and growing operation. The complex nature of our affairs can be grasped by reviewing and understanding this report. Our goal in presenting this report as a communication tool is to keep the interested public informed about the growth and changes we are currently experiencing. Questions and comments relating to this report should be presented to the finance department.

I appreciate all members of the Departments who assisted and contributed to its preparation. I also thank the Wood County Board of Supervisors and the Executive Committee for their interest and support in planning and conducting the financial operations of the County in a responsible manner. The County's financial condition and reasonable tax rate are acknowledgments of their dedication.

Respectfully submitted,

Tehe 11/27.

HISTORY OF WOOD COUNTY

In the winter of 1827, Daniel Whitney of Green Bay obtained a permit from the Winnebago granting him the privilege of making shingles on the Wisconsin River. He employed 22 Stockbridge Indians and conveyed them to the mouth of the Yellow River. In 1831, Daniel Whitney obtained a permit from the War Department to erect a sawmill and cut timber on the Wisconsin River. In 1831-1832, assisted by his nephew and A.B. Sampson, he built the first mill at the place known as Whitney's Rapids, below Point Basse, and about 10 miles south of Wisconsin Rapids. Messrs, Grignon & Merrill, having also obtained a permit, built a mill at Grignon's Rapids in 1836. These two establishments were the first lumbering plants on the Wisconsin River in Wood County.

Wood County was named after Joseph Wood, who came here from Illinois in 1848. Under Chapter 54 Laws of 1856, present Wood County was detached from Portage County. The same chapter directed that the town board of supervisors of the Town of Grand Rapids in Wood County shall be the board of supervisors of Wood County until a county board shall be elected and qualified as provided by the revised statutes of the same act. The first election was held in November 1856. The first County Officers were: County Judge Joseph Wood; Sheriff Benjamin Buck; District Attorney L.P. Powers; Surveyor H.A. Temple; Clerk of Circuit Courts L. Kromer; County Clerk L.P. Powers; Treasurer I.L. Moser; Register of Deeds L. Kromer. The county board met for the first time October 8, 1856.

Towns were established as follows: Rudolph- October 8, 1856; Saratoga-January 9, 1857; Seneca- June 9, 1857; Dexter- March 10, 1858; Lincoln- December 25, 1861; Sigel- January 10, 1863; Remington- July 15, 1868; Wood- February 10, 1874; Port Edwards- February 10, 1874; Auburndale- December 30, 1874; Marshfield- December 3, 1875; Rock- January 23, 1878; Richfield- November 18, 1881; Milladore- February 15, 1882; Sherry- November 10, 1885; Hansen-November 10, 1885; Cary- February 13, 1901; Arpin- February 13, 1901; Hiles-November 15, 1901; Cranmoor- November 18, 1903; Centralia- January 9, 1857; Springfield- August 27, 1861 and McClellan- May 26, 1864. Centralia is now part of Wisconsin Rapids. Springfield was vacated February 23, 1865 and attached to McClellan which was reorganized and shortly afterward vacated and the territory was distributed to other towns.

January 5, 1858 the board adopted the Wood County Reporter as its official newspaper to publish all proceedings. This paper was established in November 1857 and was the first and only newspaper in the county. The first court house was a hall in the Magnolia House which was located on the corner of Ninth and Washington Avenue. The first court was held there in 1857. The date of the first warranty deed recorded was October 1856. The first building actually erected as a courthouse in Wood County was built in Grand Rapids on a spot near the river. The population of Wood County in 1860 was 2,425.

FINANCIAL SECTION

WIPFLI

Independent Auditor's Report

County Board Wood County Wisconsin Rapids, WI

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Wood County (the "County"), as of December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining information of Wood County, Wisconsin, as of December 31, 2021, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the general fund and human services fund for the year then ended in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Wood County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wood County's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wood County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wood County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States require that the management's discussion and analysis, the schedule of changes in the County's total OPEB liability and related ratios, and the schedules of the employers proportionate share of the net pension liability (asset) and employer contributions – Wisconsin Retirement System on pages 16 through 28 and pages 85 through 86 be presented to supplement the basic financial statements. Such information is the responsibility of manaement and although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements as a whole. The introductory section, respective budgetary comparisons, combining and individual nonmajor fund financial statements and schedules, and statistical section listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. The respective budgetary comparisons and combining and individual nonmajor fund financial statements and schedules (information) are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and reconciling such information directly to the underlying accounting and reconciling statements or to the financial statements themselves, and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2022 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Wood County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Management's Discussion and Analysis

The Financial Management of Wood County, Wisconsin (County) offers readers of Wood County's financial statements this narrative overview and analysis of the financial activities of Wood County for the fiscal year ended December 31, 2021. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal and the notes to the financial statements.

Financial Highlights

- The assets and deferred outflows of the County exceeded its liabilities and deferred inflows at the close of the most recent fiscal year 12/31/2021 by \$139,075,758 (net position). Of this amount, \$32,198,060 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The County's total net position increased by \$10,445,945.
- As of the close of the 2021 fiscal year, the County's governmental funds ending fund balances were \$95,464,488 compared to \$32,577,707 for 2020, an increase of \$62,886,781.
- Unassigned fund balance for the General Fund, which is available for spending at Wood County's discretion, was \$25,615,912, an increase of \$2,465,980 from the prior year unassigned fund balance of \$23,149,932. This balance represents 72.78 percent of total General Fund expenditures.
- Total long-term obligations (including capital leases of \$319,016 and compensated absences of \$6,561,659) increased by \$57,382,204 from \$36,445,322 to \$93,827,526.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components:

- 1) Government-wide Financial Statements,
- 2) Fund Financial Statements, and
- 3) Notes to the Financial Statements.

This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements – The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the County's assets and deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public safety, public works, health and social services, culture, recreation and education and conservation and development. The business-type activities of the County include the nursing home and the county highway department.

The government-wide financial statement can be found on pages 32-34 of this report.

Fund Financial Statements – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into two categories: governmental funds and proprietary funds. The County has no fiduciary funds.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County had thirteen (excluding the Sales Tax Fund) individual governmental funds during 2021. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund, capital projects fund – building and towers, and human services special revenue fund all of which are considered to be major funds. Data from the other nine governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The County adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 35-45 of this report.

Proprietary Funds – The County maintains three different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for Edgewater Haven Nursing Home, Norwood Health Center and the Highway Department. Internal service funds are used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for Building Maintenance, Employee Health Benefits, Workers Compensation, Other Post-employment Employee Benefits and Personal Computer Replacements. Internal service net position of (\$368,666) has been allocated to the business-type activities related to Highway activities. The remaining assets, liabilities and net position of the internal service funds have been included within the governmental activities.

Proprietary fund financial statements provide the same type of information as the governmentwide financial statements, only in more detail. The proprietary fund financial statements provide separate information for Edgewater Haven Nursing Home, Norwood Health Center and the Highway Department are considered major funds of the County. Conversely, the internal service funds have been combined into single aggregated presentations in the governmental activities and business-type activities financial statements. Individual fund data for the internal service funds is provided in the form of a combining statement elsewhere in this report.

The basic proprietary fund financial statement can be found on pages 46-48 of this report.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 50-89 of this report.

Other information – The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found on pages 92-111 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Wood County, assets and deferred outflows exceeded liabilities and deferred inflows of resources by \$139,075,758 at the close of the fiscal year ended December 31, 2021.

| | WOOD COUNTY'S Net Position | | | | | | |
|-----------------------------------|----------------------------|----------------|---------------|--------------|---------------|----------------|--|
| | Governmen | tal Activities | Business-typ | e Activities | Т | Total | |
| | 2021 2020 | | 2021 | 2020 | 2021 | 2020 | |
| Current and other assets | \$ 168,573,958 | \$ 90,135,342 | \$ 2,936,746 | \$ 3,602,179 | \$171,510,704 | \$ 93,737,521 | |
| Capital assets | 104,375,175 | 104,250,005 | 13,853,960 | 12,711,799 | 118,229,135 | 116,961,804 | |
| Total assets | 272,949,133 | 194,385,347 | 16,790,706 | 16,313,978 | 289,739,839 | 210,699,325 | |
| Deferred outflows of resources | 16,127,961 | 11,751,528 | 4,828,002 | 3,669,619 | 20,955,963 | 15,421,147 | |
| Long-term liabilities outstanding | 91,605,089 | 34,039,359 | 2,222,437 | 2,405,963 | 93,827,526 | 36,445,322 | |
| Other liabilities | 18,429,537 | 10,004,964 | 1,046,736 | 3,522,454 | 19,476,273 | 13,527,418 | |
| Total liabilities | 110,034,626 | 44,044,323 | 3,269,173 | 5,928,417 | 113,303,799 | 49,972,740 | |
| Deferred inflows of resources | 51,891,271 | 42,758,491 | 6,424,974 | 4,759,428 | 58,316,245 | 47,517,919 | |
| Net position: | | | | | | | |
| Net investment in capital assets | 80,222,102 | 80,825,238 | 13,853,959 | 12,711,799 | 94,076,061 | 93,537,037 | |
| Restricted | 9,910,413 | 5,075,627 | 2,891,224 | 1,607,878 | 12,801,637 | 6,683,505 | |
| Unrestricted | 37,018,682 | 33,433,196 | (4,820,622) | (5,023,925) | 32,198,060 | 28,409,271 | |
| Total net position | \$127,151,197 | \$119,334,061 | \$ 11,924,561 | \$ 9,295,752 | \$139,075,758 | \$ 128,629,813 | |

One of the largest portion of the County's net position (67.64 percent) reflects its investment in capital assets (e.g. land, buildings, machinery and equipment); less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Cash increased by about \$68 million which represents the increase in borrowing for the new jail of \$58 million, \$7 million in ARPA funds, increase in county sales tax of \$500 thousand and strong collections of delinquent property tax due to a strong housing market sales.

An additional portion of the County's net position (9.20 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position \$32,198,060 may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the County is able to report positive balances in all categories of net position for the government as a whole. The same situation held true for the prior fiscal year.

The governmental activities unrestricted net position increased \$3,585,486 from \$33,433,196 to \$37,018,682 during the current fiscal year. A large part is directly due to an increase in charge

for services of approximately \$2.0 million with the largest increase in Health and Social Services of \$1.0 million and general government of about \$658 thousand. The increase in operating revenues and expenses offset each other.

The Business-type activities net position increased by \$2,628,809 from \$9,295,752 to \$11,924,561 during the current fiscal year. This increase is contributed basically by not transferring excess funds to the general fund as performed in previous years.

Governmental activities

Governmental activities increased the County's net position by \$7,817,136 overall or 6.15%. Key elements of this increase from 2020 to 2021 are as follows:

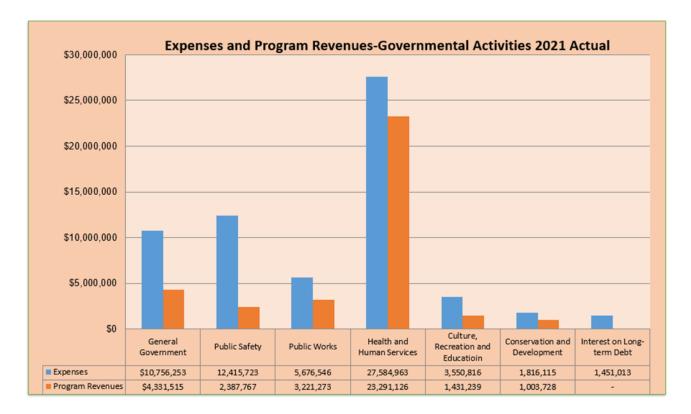

| WOOD COUNTY'S Changes in Net Position | | | | | | | |
|---------------------------------------|----------------|----------------|--------------------------|---------------|----------------|----------------|--|
| | Governmen | tal Activities | Business-type Activities | | Total | | |
| | 2021 | 2020 | 2021 | 2020 | 2021 | 2020 | |
| Revenues: | | | | | | | |
| Program revenues | | | | | | | |
| Charges for services | \$ 11,669,202 | \$ 9,736,320 | \$ 14,539,892 | \$ 15,353,373 | \$ 26,209,094 | \$ 25,089,693 | |
| Operating grants and | | | | | | | |
| contributions | 23,997,446 | 27,266,110 | 2,644,667 | 1,781,955 | 26,642,113 | 29,048,065 | |
| Capital grants and | | | | | | | |

| Transfers | (163,935) | 2,631,125 | 163,935 | (2,631,125) | | | |
| Increase (decrease) in net position | 7,817,136 | 13,912,341 | 2,628,809 | (135,172) | 10,445,945 | 13,777,169 | |
| Net position Beginning of year | 119,334,061 | 105,421,720 | 9,295,752 | 9,430,924 | 128,629,813 | 114,852,644 | |
| Net position End of year | \$ 127,151,197 | \$ 119,334,061 | \$ 11,924,561 | \$ 9,295,752 | \$ 139,075,758 | \$ 128,629,813 | |

The County's governmental activities program revenues decreased by (\$1,335,782) overall or (3.61%). The majority of this decrease was in operating grants. The largest contributing factor was a decrease in state aid related to health and human services.

The County's governmental activities general revenues increased by \$4,478,773 overall or 14.41%. Grants and contributions not restricted to specific programs increase by \$3.5 million of shared revenue payments. Charges for services up \$1,932,882 which was attributed to an

increase in local real estate market causing an increase in title services. Property taxes levied for governmental activities were up \$743,577 in 2021 from the increase in growth in the County. County sales taxes were up \$574,027 since the state and County have opened up more due to COVID restriction and also an increase in online sales in which the County receives sales tax.

Governmental activities expenses increased \$6,443,136 overall or 11.34%. The majority of this increase was highway \$3,944,820, health and human services \$1,242,239 and interest on long-term debt \$934,403. Human services increase resulted in COVID related expenses and services, including COVID testing and vaccines along with additional casual staffing. Highway has an increase in their bituminous operations with a slight increase in administration expense. The increase in interest is contributed to the NAN use for funding the jail project to pay design and architect expenses prior to the construction of the new jail and sheriff's office.

The following graphs show the allocation of Wood County's governmental activities revenues and expenses.

Business-type activities

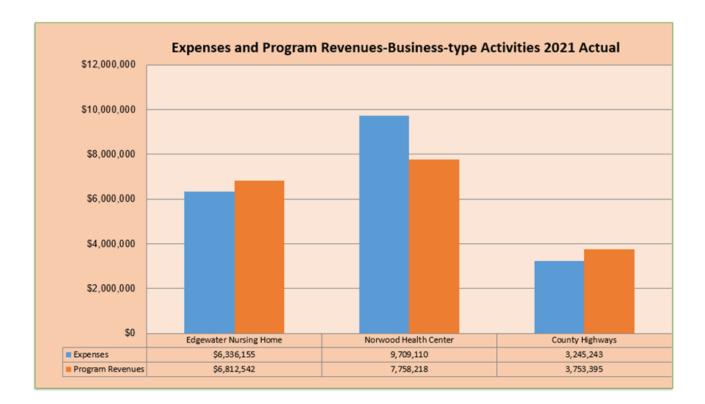

The business-type activities increased the County's net position by \$2,628,809 overall or 28.28%.

The County's business-type activities program revenues increased by \$78,931 overall or 0.46%. The increase was due to increase in services and grants for Edgewater Haven Nursing Home of approximately \$585,200. Most increases are related to the increase in Medicare funding due to opening more beds as a result in changes of COVID restrictions. Norwood's

increase was also related to increase in Medicare funding and charges for services approximately \$397,300 offset by Highway decrease in services of approximately (\$903,500).

The County's business-type activities expenses remained relatively flat with only an increase of \$28,950 overall or 0.15%.

The following graphs show the allocation of Wood County's business-type activities revenues and expenses.

Financial Analysis of the County's Funds

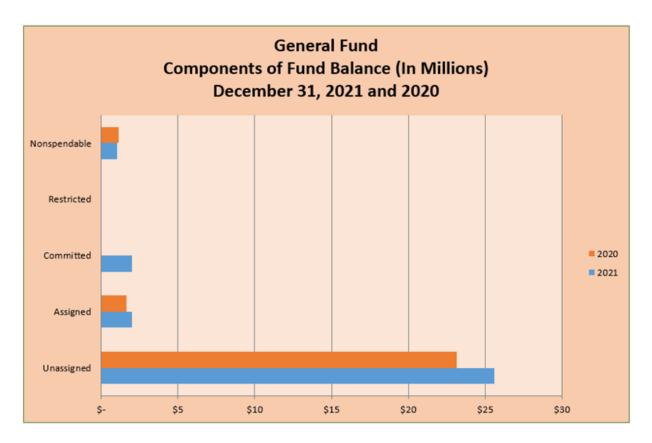

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds – The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In accordance with GASB Statement 54, changes in the equity section are designed to indicate the extent in which the government is bound to honor constraints on the specific purpose for which the amounts in the fund can be spent. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2021, the County's governmental funds reported combined ending fund balances of \$95,464,488, an increase of \$62,886,781 in comparison with the prior year fund balances of \$32,577,707. The majority of the increase is related to the funding of the new jail

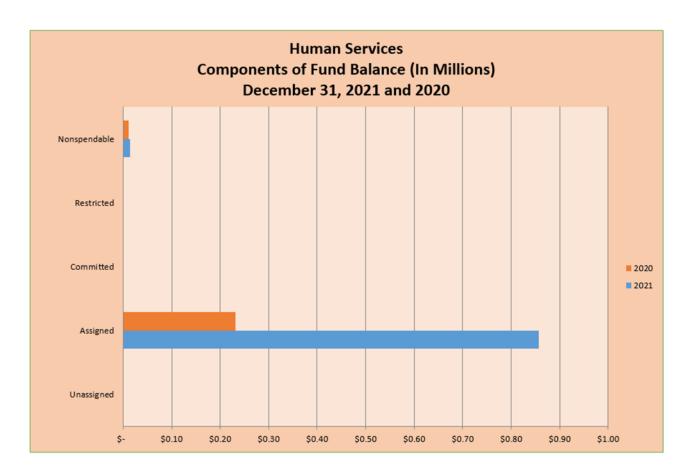

and sheriff's office along with ARPA funding. Approximately 26.83% of this amount \$25,612,912 constitutes *unassigned fund balance*, which is available for spending at the County's discretion. The reminder of fund balance is *nonspendable, restricted, committed or assigned* to indicate that it is not available for new spending because it has already been earmarked.

- The nonspendable fund balance are amounts that are not spendable in form or are required to be maintained intact. As of the end of the current year, the County's governmental nonspendable fund balance of \$1,035,783 constitutes:
 - \$502,215 for inventory and prepaids
 - \$533,568 for delinquent property taxes
- The restricted fund balance are amounts that are constrained for specific purpose by external parties, constitutional provision or enabling legislation. As of the end of the current year, the County's governmental restricted fund balance of \$62,346,940 constitutes:
 - \$61,985,122 for capital projects
 - o \$361,818 for debt service
- The committed fund balance are amounts constrained to a specific purpose by the county board of supervisors. To be reported as committed, amounts cannot be used for any other purpose, unless the board of supervisors approves a change by resolution. As of the end of the current year, the County's governmental committed fund balance constitutes nonlasping fund balances of \$1,983,652.
- The assigned fund balance is amounts that are constrained for specific purpose and are not available for spending. The assigned fund balance of \$4,482,201 constitutes:
 - \$2,498,969 for Special Revenue Funds
 - \$1,983,232 for assigned County Highway

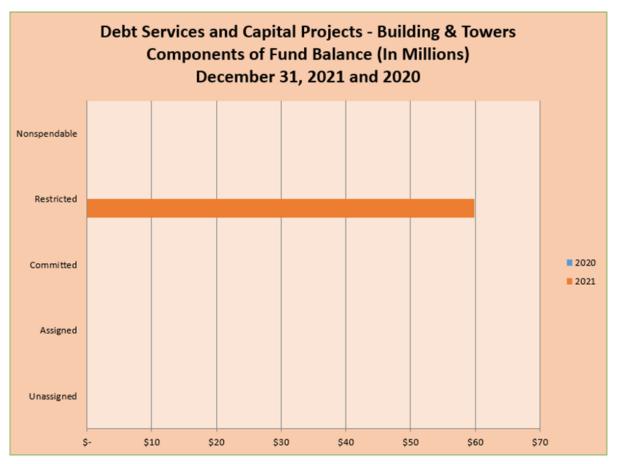

The General Fund is the chief operating fund of the County. At the end of 2021, unassigned spendable fund balance of the general fund was \$25,615,912, while total fund balance amounted to \$30,604,873. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned spendable fund balance and total fund balance to total expenditures. Unassigned spendable fund balance represents 72.78% percent (64.55 percent for 2020) of total General Fund expenditures, while total fund balance represents 86.95 percent (72.25 percent for 2020) of that same amount.

The fund balance of the County's General Fund increased \$4,692,827 from \$25,912,046 to \$30,604,873 during 2021. In 2021, the General Fund was over budget for revenues and under budget for expenses. Revenues increased in Shared Managed Forest through increase timber sales, Sales Tax due to an increase of online sales from COVID and re-opening many services due to COVID, licenses and permits increase due to the strong real estate market, State Aid and Grants increase due to finding additional grants, and Public Charges for Services again due to opening up service from relaxing COVID regulation. The expenditures decrease overall in all departments, General Government, Public Safety, Highway, Health and Human Service, Culture and Conservation.

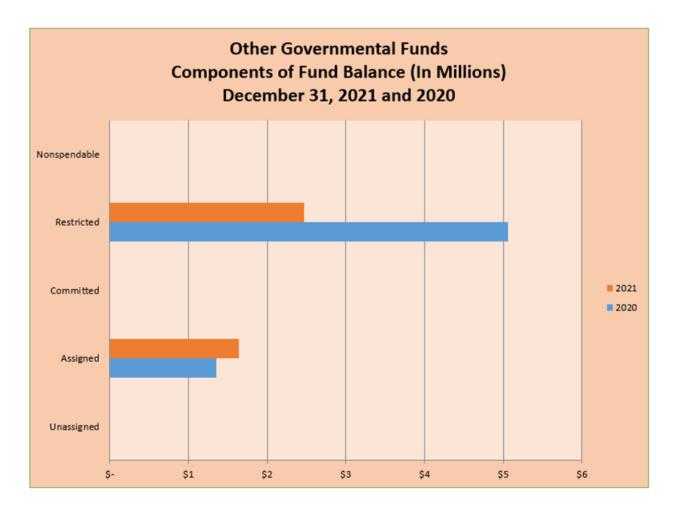

The Fund Balance in Human Services Special Revenue Fund increased \$628,525 from \$242,480 to \$871,005 in 2021. The biggest increase in revenues was for services for private pay. In 2021, with the COVID restrictions were being lifted to allow more in-person contact thus allowing human services to provide more private pay services.

Fund balance for Debt Services and Capital Projects – Building and Towers have been reclassed to major funds for 2021, primarily due to the approval of the new jail project. The capital projects funds and debt services have a fund balance of \$59,874,775 at the end of 2021. In 2020, Capital Projects – Building & Towers fund balance was approximately \$2.4 million.

These funds essentially include construction of County new jail and sheriff's office which will increase community safety, and reduce long-term costs while improving the health and wellbeing of our community. Estimated cost of the new jail and sheriff's office was projected to be around \$58 million. Due to changes in our economic climate, cost are expect to be increase by upward of 10%.

Non-major Special Revenue assigned fund balances increased \$281,876 from \$1,359,794 to \$1,641,670 in 2021.

The capital projects funds have a fund balance of \$2,472,165 at the end of 2021, a decrease of (\$2,591,222). This decrease was a direct cause for the change in Debt Services and Capital Projects – Building & Towers being reclassed to major funds. In 2020, Capital Projects – Building & Towers fund balance was approximately \$2.4 million. These funds now represent capital projects for the Highway infrastructure and maintenance.

Proprietary Funds – The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position (deficits) for each of the enterprise funds at the end of the year were as follows:

| Edgewater Haven Nursing Home | (\$516,583) |
|------------------------------|---------------|
| Highway | (\$2,158,151) |
| Norwood Health Center | (\$2,514,555) |

The explanation of the changes in the unrestricted net position was discussed earlier in this report.

The adjustments to the general fund 2021 budget were as follows:

The increases in the budget for additional revenues of \$1,626,675 for Revenues & Other Sources were for the Highway \$237,024, Sheriff \$193,961, Public Health \$1,035,390, Coroner \$37,500, Emergency Management \$92,000, and Planning and Zoning \$30,800. Most increase were related to additional revenue due to COVID. Such increases included Emergency Management FEMA funds to cover prevention of disease spread, Coroner increase in COVID related deaths, and additional grants to Public Health to cover COVID related costs.

The increases in budget for additional expenditures of \$1,740,574 for Public Health \$1,146,436, Sheriff \$193,961, Highway \$237,024, and General Government \$163,153. Many expenditures were offset by the additional funds related to COVID or special projects from Highway and Sheriff.

Capital Asset and Debt Administration

Capital assets – Wood County's capital assets for its governmental and business type activities as of December 31, 2021, amounts to \$118,229,136 (net of accumulated depreciation). Capital assets include land, buildings, improvements, machinery and equipment, park facilities, highways, bridges and culverts. The net capital assets increased \$1,267,331 (\$125,170 increase in governmental and \$1,142,161 increase in business-type).

Major capital asset events during the current fiscal year included the following:

- Net decrease in Land and Land Improvements (\$9 thousand)
- Net decrease in Buildings and Improvements (\$118 thousand)
- Net decrease in Capital Assets for Machinery and Equipment of (\$938 thousand)
- Net increase in Construction Work in Progress \$360 thousand
- Net increase in Highway infrastructure projects of \$829 thousand
- Net decrease in Business-type Activities of Land and Land Improvements (\$24) thousand
- Net increase in Business-type Activities of Buildings and Improvements \$908 thousand
- Net increase in Business-type Activities of Machinery and Equipment \$304 thousand
- Net decrease in Business-type Activities of Construction Work in Progress (\$46) thousand

Additional information on Wood County's capital assets can be found in note IV A(3) on pages 69-70 of this report.

Long-term debt – The County's general obligation debt increased \$54,855,000 from \$27,140,000 to \$81,995,000 during 2021. The summary of outstanding debt is as follows:

| WOOD COUNTY'S Outstanding General Obligation Debt | | | | | | | |
|--|---|--------------|--|--|--|--|--|
| | Governmental and Business- type Activities | | | | | | |
| | 2021 | 2020 | | | | | |
| General Obligation Tax-exempt Bonds | | | | | | | |
| 2012 Tax-exempt Bonds | \$- | \$ 425,000 | | | | | |
| 2104 Promissory Notes | 1,525,000 | 2,005,000 | | | | | |
| 2015 Promissory Notes | 2,480,000 | 3,275,000 | | | | | |
| 2016 Promissory Notes | 5,255,000 | 6,235,000 | | | | | |
| 2017 Promissory Notes | 3,415,000 | 3,930,000 | | | | | |
| 2017 State Trust Fund | - | - | | | | | |
| 2018 Promissory Notes | 2,475,000 | 2,790,000 | | | | | |
| 2019 Promissory Notes | 4,200,000 | 4,490,000 | | | | | |
| 2020 Promissory Notes | 3,720,000 | 3,990,000 | | | | | |
| 2021 Refunding Bonds | 58,925,000 | - | | | | | |
| Total | \$ 81,995,000 | \$27,140,000 | | | | | |

There was a new debt issued in 2021:

- \$58,925,000 with three purposes:
 - \$55,740,000 new jail and sheriff's office
 - \$ 2,265,000 for 2021 highway construction projects
 - \$ 920,000 County capital projects

Wood County received an Aa2 rating from Moody's for the County's most recent debt issue in 2021.

State statutes limit the amount of general obligation debt a governmental entity may issue to 5 percent of its total equalized valuation. Wood County is at 26.96 percent of its legal debt limit of \$303 million.

Additional information on Wood County's long-term debt can be found in note IV B(5) on pages 83-84 of this report.

Economic Factors and Next Year's Budgets and Rates

- The County approved a new Jail and Sheriff's office project. The project has an estimated cost of \$58,000,000. The bid is expected to go out July 2022 and projected cost are estimated to increase upward of 10%. We have current agreements in place with the construction consultant's and the design and engineering group. Cost associated with these agreements are 9.0% of estimated costs. The new jail was approved because of outdated and unsafe configuration and an increase bed capacity. This decision was made to reduce out of county housing cost, reduce rising insurance cost, reduce recidivism, increase community safety and reduce long-term costs. Maximum mill rate impact to taxpayers of \$0.30 in 2022 and \$0.05 in 2024 per \$1000. Strategic mill rate drops starting in 2027 by approximately \$0.05 per year.
- The average unemployment rate for Wood County was 4.24 percent in 2021, which is down from the 6.64 percent average rate in 2020.
- The County's operating tax mil rate decreased (\$.07) from \$4.16 to \$4.09 while the debt service tax rate increased from \$0.82 to \$0.85 to fund the debt service on the new Jail and Sheriff's office, Highway borrowing and the Capital Projects for equipment and building renovations.
- The increase in equalized valuation due to net new construction for Wood County was 2.03 percent.
- Health Insurance was decreased by 10.82 percent in 2021 to help maintain the balances in the reserve for 2022.

All of these factors were considered in preparing the Wood County budget for 2022.

Requests for Information

This financial report is designed to provide a general overview of Wood County's finances for all those with an interest in the County's finances. Questions concerning any of the information provided in this report, or requests for additional financial information should be addressed to the Wood County Finance Department.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds

to the Statement of Activities

For the Year Ended December 31, 2021

| Net change in fund balances - total governmental funds | \$ | 62,886,780 |
|--|-----------------------------|--------------|
| Amounts reported for governmental activities in the statement of activities are different because: | | |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period. Capital outlay Depreciation | \$ 4,053,258 (3,843,710) | 209,548 |
| Note and capital lease proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of note and lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which proceeds exceeded repayments. | | (54,894,992) |
| Increase in the Total OPEB lability and related amounts Less amount allocated to Business-type activities | 74,211 (15,355) | 58,856 |
| Increase in the Net Pension Asset and related amounts Less amount allocated to Business-type activities | 3,636,397 (874,643) | 2,761,754 |
| Unavailable revenue in the governmental funds is reported as revenue on the entity-wide financial statements | | 118,155 |
| Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds | | (3,174,015) |
| The net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins, and donations) to decrease net position. | | (233,030) |
| Internal service funds are used by management to charge the costs of certain activities, such as building maintenance, employee health benefits and workers compensation claims, to individual funds. The net share of governmental revenue (expense) of the internal service funds is reported with governmental activities. | 30,807 | |
| Less amount allocated to Highway Enterprise Fund. Net loss of internal service funds related to Edgewater Haven Nursing Home is offset by transfer to General Fund | 53,273 | 84,080 |
| Change in net position of governmental activities | \$ | 7,817,136 |

NOTES TO THE FINANCIAL STATEMENTS

I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NOTE A – Reporting Entity

Wood County (the County) is a local governmental entity established under the laws of the State of Wisconsin and has the powers as defined in the Statutes. The County is governed by nineteen elected supervisors.

The accompanying financial statements present the activities of Wood County, Wisconsin. Accounting principles generally accepted in the United States (GAAP) require that these financial statements include the primary government and its component units. Component units are separate organizations that are included in the County's reporting entity because of the significance of their operational or financial relationships with the County. All significant activities and organizations with which the County exercises oversight responsibility have been considered for inclusion in the financial statements. The County has no component units and it is not included in any other governmental reporting entity.

NOTE B – New Accounting Pronouncement

October 2021, GASB Statement No. 98, *The Annual Comprehensive Financial Report*. This Statement establishes the term *annual comprehensive annual report* and its acronym ACFR. The new term and acronym replace instance of *comprehensive annual financial report* and its acronym in generally accepted accounting principles for state and local governments.

NOTE C – Basis of Presentation Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report information on all of the activities of the County. For the most part, the effect of interfund activity has been removed from these statements. Exceptions to this general rule include Interfund services provided and used. Employee fringes (health benefits, workers compensation and OPEB) attributable to the proprietary funds are expensed in those funds and reduce expenses in the governmental activities. Telephone and insurance charged to Highway and Edgewater remain as expenditures in the business-type activities and program revenues in the governmental activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

NOTE D – Basis of Presentation Fund Financial Statements

The County reports the following major governmental funds:

The <u>General Fund</u> is the County's primary operating fund. It accounts for all financial activity that is not accounted for in another fund. It includes the 0.5% County Sales Tax revenue that was reported in the Sales Tax Fund in previous years.

The <u>Human Services Special Revenue Fund</u> accounts for the provision of services to County residents in the areas of mental health, developmental disabilities, alcohol or other drug abuse, social and child welfare, income maintenance and various youth aid projects. Funding is provided through public charges for services, property taxes and restricted sources such as federal and state grants and donations.

I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

NOTE D – Basis of Presentation Fund Financial Statements (continued)

<u>Debt Service Fund</u> – This fund accounts for financial resources that are restricted, committed, or assigned to expenditures for principal and interest on all general long-term debt of governmental activities, including amounts accumulated for principal and interest maturing in future years.

<u>Capital Project Funds – Buildings and Towers</u> – The Capital Project Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets (other than those financed by proprietary funds).

The County reports the following major proprietary funds:

The <u>Norwood Health Center</u> accounts for the operation of the County's specialty hospital. The facility provides treatment services for acute, inpatient, psychiatric care and skilled long-term care. Revenues are provided by Medicare, Medicaid, private pay, Veteran's Administration, private insurance and property taxes.

The <u>Edgewater Haven Nursing Home</u> accounts for the operation of the County's nursing home. The facility provides care to the frail elderly of Wood County and surrounding communities. Revenues are provided by Medicare, Medicaid, private pay, Veteran's Administration, private insurance and property taxes.

The <u>Highway Fund</u> accounts for the costs associated with the costs and charges for service for maintenance and construction of state highways within the County, and provision of highway services to other local governments. Revenues are provided by user charges to state and local governments. The costs and funding for maintenance and construction for the County's highway system is reported in the General Fund.

Additionally, the County reports the following fund types:

<u>Special Revenue</u> – The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted or committed to expenditures for specific purposes. Included in this fund type are the Aging & Disability Resource Center, Child Support, Parks, Planning and Zoning, Land and Water Conservation, Transportation and Economic Development, Ho Chunk Donations and Sheriff Funds.

<u>Capital Project Funds - Highway</u> – The Capital Project Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets (other than those financed by proprietary funds).

<u>Internal Service Funds</u> – are used to account for the financing and services provided by one department or agency to other departments or agencies of the County or to other governmental units on a cost-reimbursement basis. Included in this fund are Workers Compensation, Employee Health Plan, Building Maintenance, Other Post-Employment Benefits (OPEB) and PC Replacement.

I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

NOTE E – Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers all revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Grant revenue is considered available if it is expected to be collected within four months of year end and all eligibility requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the County.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Client and patient charges for services collected through Medicaid, Medicare, private pay and insurance make up the majority of the operating revenues of the Norwood Health Center and Edgewater Haven Nursing Home. The majority of the operating revenues of the Highway enterprise fund are from intergovernmental charges to the State of Wisconsin and local governments for highway projects done on their behalf. Operating expenses for enterprise funds and internal service funds include the cost of providing nursing, highway operations, county building maintenance, employee health and workers compensation claims and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

NOTE F – Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position and/or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, **deferred outflows of resources**, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County reports deferred outflows of resources related to pensions for its proportionate shares of collective deferred outflows of resources related to pensions and the County contributions to pension plans subsequent to the measurement date of the collective net pension liability (asset), as well as deferred outflows related to the County's own OPEB plan.

In addition to liabilities, the statement of net position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, **deferred inflows of resources**, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has three types of items that qualify for reporting in this category. The first is property taxes levied for the subsequent year. These amounts are deferred and recognized as an inflow of resources in the following year as the amounts become available. The second is unavailable revenue, which arises only under a modified accrual basis of accounting and is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes and charges for services. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Lastly, the County reports deferred inflows of resources related to pensions for its proportionate share of collective deferred inflows of resources related to pensions, as well as deferred inflows related to the County's own OPEB plan.

NOTE G – Assets, Liabilities and Net Position or Equity

1. Deposits and investments

For purposes of the Statement of Cash Flows, the County considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents. Cash and investment balances for individual funds are pooled unless maintained in segregated accounts.

Investments are stated at fair value, which is based on quoted market prices.

2. Receivables

All accounts receivable are shown net of an allowance for uncollectibles. The allowance for uncollectible accounts is computed using a percentage related to the days outstanding and the payer source.

I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

NOTE G - Assets, Liabilities and Net Position or Equity (continued)

3. Prepaids and Inventories

The consumption method is used to account for both inventories and prepaid items. All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental and proprietary funds are recorded as expenditures when consumed rather than when purchased. Prepaid balances are for payments made by the County in the current year to provide services occurring in the subsequent fiscal year.

4. Capital Assets

Capital assets, which include, property, plant, equipment, and infrastructure assets (highways, bridges, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment are depreciated using the straight line method over the following estimated useful lives:

| Years |
|--------|
| 50 |
| 50 |
| 40 |
| 40 |
| 20 |
| 5 – 20 |
| 5 – 10 |
| |

5. Equity

Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in the government-wide and proprietary fund financial statements. Net investment in capital assets consist of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted in the government-wide financial statements when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

NOTE G – Assets, Liabilities and Net Position or Equity (continued)

5. Equity (continued)

Fund Balances

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources. The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form – prepaid items or inventories or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned, and unassigned.

<u>Restricted fund balance</u>: This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

<u>Committed fund balance:</u> These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the County Board, the County's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the County Board removes the specified use by taking the same type of action that imposed the original commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned fund balance:</u> This classification reflects the amounts constrained by the County's "intent" to be used for specific purposes, but are neither restricted nor committed. Only the County Board has the authority to assign amounts to be used for specific purposes by passing a formal resolution. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

<u>Unassigned fund balance</u>: This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first and then unrestricted resources-committed, assigned, and unassigned-in order as needed.

I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

NOTE G – Assets, Liabilities and Net Position or Equity (continued)

5. Equity (continued)

Explanation of certain differences between Government-wide Statements and Governmental Fund Statements

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Debt premiums and discounts are amortized over the life of the debt using the effective interest method. Notes payable are reported net of the applicable note discount.

In the fund financial statements, governmental fund types recognize note premiums and discounts, as well as note issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums and discounts on debt issuances are reported as other financing sources and uses, respectively. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTE H – Revenues, Expenditure/Expense

1. Types of transactions included in program revenues in the government-wide statements

Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

2. Policy for allocating indirect expense to functions in the government-wide statement of activities

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment.

I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

NOTE H - Revenues, Expenditure/Expense (continued)

3. Property tax revenue recognition

Property taxes are recorded in the year levied as a receivable and deferred inflows of resources. They are recognized as revenues in the succeeding year when services financed by the levy are provided.

Under Wisconsin statutes the County treasurer is responsible for the collection of all delinquent property taxes except delinquent personal property taxes, which may be retained for collection by the local municipal district, as is the case in Wood County. Delinquent property taxes due Wood County include not only the delinquent taxes for levies by Wood County, but also the delinquent taxes for levies by state and other local government units (cities, villages, towns, school districts, special districts) within the County. As provided in the Statutes, Wood County has paid the state and local governmental units for their equities in delinquent property taxes.

The property tax calendar for the 2021 tax roll is as follows:

| Lien and Levy Dates | December 2021 |
|--|-------------------|
| Preliminary Settlement with Local Government Units | February 22, 2022 |
| Final Due Date | July 31, 2022 |
| Settlement Date with Local Governmental Units | August 19, 2022 |

No allowance for uncollectible taxes has been provided because of the County's ability to recover losses through the sale of property.

4. Vacation, sick leave, and other compensated absences

It is the County's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. The County allows employees to convert unused sick leave to health insurance benefits upon retirement. Employees hired after January 1, 2019 are no longer eligible for this benefit. A liability for retiree's sick leave conversion is accrued in the government-wide financial statements. Vacation and sick pay are accrued in the governmental funds when normally expected to be liquidated with expendable financial resources and have matured. Vacation and sick pay are accrued when incurred in the proprietary fund financial statements.

5. County Pension Plans

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Wisconsin Retirement System (WRS) and additions to/deductions from the WRS' fiduciary net position have been determined on the same basis as they are reported by the WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

II – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

<u>NOTE A – Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position</u>

The Governmental Funds Balance Sheet includes a reconciliation between *fund balance – total governmental funds and net position – governmental activities* as reported in the Government-Wide Statement of Net Position. One element of that reconciliation explains that "long-term liabilities, including notes payable, are not due and payable in the current period and therefore are not reported in the funds." The details of this \$87,570,757 difference are as follows:

| Notes payable | \$81,995,000 |
|--|-----------------|
| Premium on notes payable | 3,824,179 |
| Accrued interest payable | 420,444 |
| Capital leases payable | 319,016 |
| Compensated absences | 4,802,756 |
| Net OPEB obligation (net of \$2,310,381 allocated to business-type activ | vities) 664,138 |
| Deferred Outflows related to OPEB | (225,941) |
| Deferred Intflows related to OPEB | 262,593 |
| Net pension liability (asset) | (9,438,282) |
| Deferred inflows related to pension | 20,665,484 |
| Deferred outflows related to pension | (15,718,630) |
| | |
| Net estimate and the next term of the set of | |

Net adjustment to reduce fund balance-total governmental funds to arrive at net position-governmental activities

\$87,570,757

<u>NOTE B – Explanation of certain differences between the governmental fund statement of</u> revenues, expenditures, and changes in fund balances and the government-wide statement of <u>activities</u>

The Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances includes a reconciliation between *net changes in fund balances – total governmental funds and changes in net position of governmental activities* as reported in the Government-Wide Statement of Activities. One element of that reconciliation explains that "governmental funds report capital outlays as expenditures, however, in the statement of activities the cost of those assets is allocated over their estimate useful lives and reported as depreciation expense." The details of the 209,548 difference are as follows:

| Capital outlay Depreciation expense | \$ 4,053,258 (3,843,710) |
|--|--------------------------------|
| Net adjustment to increase (decrease) net changes in fund balances- Total governmental funds to arrive at changes in net position of governmental activities | \$ 209,548 |

II – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (continued)

NOTE B – Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities (continued)

Another element of that reconciliation states that "the issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds." Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas premiums are amortized in the statement of activities. The details of this \$(54,894,992) difference are as follows:

| Debt issued or incurred: | |
|---|-----------------|
| General obligation notes | \$ (61,500,000) |
| Capital lease financing | (39,992) |
| Principal repayments: | |
| General obligation notes | 6,645,000 |
| Net adjustment to increase net changes in fund balances-total Governmental funds to arrive at changes in net position of | |
| Governmental activities | \$ (54,894,992) |

Another element of that reconciliation states that "Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds." The details of this (\$3,174,015) difference are as follows:

| Compensated absences | \$ 220,763 |
|---|---------------|
| Principal paid on capital leases | 48,094 |
| Accrued interest | (280,920) |
| Net amortization of debt premium | (3,161,952) |
| let adjustment to decrease net changes in fund balances-total | |

Net adjustment to decrease net changes in fund balances-total Governmental funds to arrive at changes in net position of Governmental activities

\$ (3,174,015)

III – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

NOTE A – Budgetary Information

The annual budget is adopted on a basis consistent with generally accepted accounting principles for all funds except the Sheriff special revenue fund.

All departments submit their budget requests to the Finance Department by the end of the second week in August of each year. The departmental oversight committees review and submit their proposed budgets in early September. The Operations Committee meets with department heads and oversight chairpersons by the end of September each year at which time the proposed budget is prepared for publication no later than 10 days prior to the public hearing. The County Board holds a public hearing the second Tuesday in November where the Operations Committee presents the proposed budget for adoption by the full county board.

The budget is adopted, controlled and amended at the function level, which is the specific purpose for the expenditure. County departments can have a single function (Treasurer, Finance, Register of Deeds) and departments can have multiple functions when they have distinctly separate activities within a department.

The County Board made several supplemental budgetary appropriations throughout the year. The Operations Committee is authorized by the County Board to transfer appropriations between budgeted functions within a department or to transfer funds from the contingency fund. Such transfers are limited to the lesser of \$5,000 or 10 percent of the funds originally budgeted in the function receiving the transfer.

The County does not utilize encumbrances in its budget process but does take into consideration certain appropriations that do not lapse on an annual basis. These continuing appropriations are reported as "committed" in the fund balance section of the governmental funds.

For budgetary purposes, the Sales Tax Fund is maintained as a special revenue fund. Under GAAP, this fund does not meet the criteria to be reported as a special revenue fund and is reported as part of the General Fund. This results in an increase in the General Fund revenues on a GAAP basis of \$7,177,605 and a decrease of the other financing sources of \$7,177,605 from the General Fund on a Non-GAAP budgetary basis.

NOTE B – Excess of Actual Expenditures over Budget in Individual Funds

The following functions had an excess of actual expenditures over budget for the year ended December 31, 2021. The excess expenditures were funded with available fund balances or other financing sources.

| Fund/Function | <u>Budget</u> | Actual | <u>Overage</u> |
|-------------------------------|---------------|-----------|----------------|
| <u>Major Funds</u> | | | |
| Debt Service fund | | | |
| Principal retirement | 4,070,000 | 6,645,000 | 2,575,000 |
| Interest and Fiscal Charges | 558,540 | 1,291,388 | 732,848 |
| <u>Nonmajor Funds</u> | | | |
| Capital Projects Highway Fund | | | |
| Cap Projects - Highway | 2,294,738 | 2,647,543 | 352,805 |

III – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (continued)

NOTE C - Limitations on the County's Tax Levy Rate and its Ability to Issue New Debt

As part of Wisconsin's State Budget Bill (1993 Act 16), new legislation was passed that limits the County's future tax levy rates. Generally, the County is limited to its 1992 tax levy rate. In addition, the State imposed tax levy limits in 2004 that allowed only a 2% increase over the previous year unless net new construction exceeded 2%. Wood County was limited to the 2% tax levy increase for the 2006, 2007 and 2009 budget years. The allowable levy limit increase was 3.86% in 2008 and 3% for 2010 and 2011 and 0% for 2012 and 2013. Starting in 2014, the levy was limited to the increase in equalized valuation due to the net new construction. The net new construction for the 2021 1.01%.

The County may exceed the limitation by holding a referendum (according to State Statutes) authorizing the County Board to approve a higher rate. The County may also exceed the rate if it increases the services it provides due to a transfer of these services from another governmental unit. Wood County transferred dispatch services from the Cities of Wisconsin Rapids and Marshfield in 2006.

The State Budget Bill also imposes restrictions on the County's ability to issue new debt. Generally, referendum approval is required to issue unlimited tax general obligation debt, with the following exceptions:

- 1) Refunding debt issues
- 2) 75% approval by the County Board
- 3) A reasonable expectation that the new debt can be accommodated within the existing tax rate
- 4) Other exceptions as listed in State Statutes Section 67.045

IV – DETAIL NOTES ON ALL FUNDS

NOTE A – Assets

1. Deposits and Investments

The majority of cash transactions occur in common bank and investment accounts in the General Fund. Other funds that have their own bank accounts do so because of trust agreements, grant compliance or management's desire for segregation of banking for certain County functions.

WOOD COUNTY, WISCONSIN NOTES TO FINANCIAL STATEMENTS

December 31, 2021

IV – DETAIL NOTES ON ALL FUNDS (continued)

NOTE A – Assets (continued)

1. Deposits and Investments (continued)

Deposits

<u>Custodial Credit Risk:</u> Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. At year-end, the carrying amount of the County's deposits was \$17,926,862 and the bank balance was \$18,679,636. Of the bank balance, \$3,494,385 was covered by Federal depository insurance or by the State of Wisconsin Public Depository Guarantee Fund and \$4,066,316 insured by collateral agreements leaving uninsured and uncollateralized deposits of \$11,118,936. The County had petty cash and cash on hand of \$83,506.

Investments

<u>Interest Rate Risk:</u> The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. State Statute limits the maturity of commercial paper and corporate bonds to not more than seven years.

IV – DETAIL NOTES ON ALL FUNDS (continued)

NOTE A – Assets (continued)

1. Deposits and Investments (continued)

Credit Risk:

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. Concentration of credit risk is the risk of loss that may be caused by the County's investment in a single issuer. It is the County's policy that U.S. Treasury securities, U.S. Agency Securities, and obligations backed by U.S. Treasury and/or U.S. Agency securities, may be held without limit. Investment of County funds is restricted by State statutes to the following:

a) Time deposits in any credit union, bank, savings bank, or trust company,

b) Bonds or securities of any county, city, drainage district, VTAE district, village, town, or school district of the State,

c) Bonds or securities issued or guaranteed by the federal government,

d) The State of Wisconsin Local Government Pooled Investment Fund,

e) Any security which matures or which may be tendered for purchase at the option of the holder within not more than seven years from the date on which it is acquired, if that security is rated the highest or second highest rating category assigned by Standard & Poor's Corporation, Moody's Investors Service or other similar nationally recognized rating agency,

f) Repurchase agreements with public depositories, if the agreement is secured by federal bonds or securities.

Ratings are not required, or available, for the Wisconsin Local Government Investment Pool. The Schwab Government Money Market Fund consists of securities issued or guaranteed by the U.S. Government including agencies and instrumentalities such as Treasury Bills, Notes and bonds, agency notes and repurchase agreements. While the Schwab Government Money Market Fund is unrated, Moody's and Standard & Poor's rate the securities held in the fund AAA/AAA. The County has no investment policy that would further limit its investment choices.

Credit risk

The County's investment policy requires that investments need to be rated in the top two categories.

Concentration of credit risk

The County places no limit on the amount the County may invest in any one issuer. More than 5 percent of the County's investments are in the corporate bonds of FHLB. The investment 10.65%, respectively, of the County's total investments.

NOTE A – Assets (continued)

1. Deposits and Investments (continued)

Fair Value Measurements

The County categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the Unities States. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

All of the County's investments at December 31, 2021 are valued using Level 1 inputs, except for the Wisconsin Local Government Investment Pool, the Wisconsin Investment Series Cooperative, and the repurchase agreement which are valued based on a cost-based measure and are not subject to the fair value hierarchy disclosures.

The summary of deposits and investments is as follows:

| | Fair Value | | |
|-----------------------|-------------------|---|--------------------------------|
| Cash | \$ 18,010,367 | Cash and temporary cash investments Restricted cash-special deposits | \$ 114,784,351 1,451,309 |
| Investments | | | |
| Schwab Money Markets | 68,967 | | |
| FHLMC | 1,899,283 | | |
| FHLB | 10,459,777 | | |
| Federal Farm CB | 279,028 | | |
| Corporate Bonds | 3,460,811 | | |
| Apple | 730,216 | | |
| Repurchase Agreement | 5,045,445 | | |
| State Investment Pool | 76,281,766 | | |
| Total Investments | 98,225,293 | | |
| Total | \$ 116,235,660 | Total cash per combined balance sheet | \$ 116,235,660 |

IV – DETAIL NOTES ON ALL FUNDS (continued)

NOTE A – Assets (continued)

1. Deposits and Investments (continued)

The Wisconsin local government investment pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Chapter 25. The LGIP operates and reports to participants on the amortized cost basis. LGIP pool shares are bought and redeemed at \$1 based on the amortized cost of the investments in the LGIP. The investment in the LGIP is not subject to fair value hierarchy disclosures. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2021, the fair value of the County's share of the LGIP's assets was substantially equal to the amount reported above.

The County is a participant in a Wisconsin Investment Series Cooperative (WISC) fund, which is authorized under Wisconsin Statute 66.0301 and is governed by a commission in accordance with the terms of an intergovernmental cooperation agreement. The WISC is not registered with the SEC as an investment company. The WISC reports to participants on the amortized cost basis. WISC shares are bought and redeemed at \$1 based on the amortized cost of the investments in the pool. Participants in WISC have the right to withdraw their funds in total on one day's notice. The investments in WISC are not subject to the fair value hierarchy disclosures.

The investments are guaranteed by the Financial Security Assurance, Inc. (FSA), a Triple-A-rated financial guaranty insurance company. FSA insures against losses arising from principal defaults on any permitted investments, which are not covered by:

- 1. \$400,000 of deposit insurance per financial institution provided by the State of Wisconsin, and
- 2. Any deposit insurance associated with particular investments in the portfolio (such as FDIC insurance of \$250,000) on bank CD's, and
- 3. Application of interest received from nondefaulted investments for the quarter the principal loss occurred.

The investments are also covered by the Securities Investor Protection Corporation (SIPC) in the aggregate up to \$500,000, which include a \$250,000 limit for cash. The County General Fund and the County Employee Health Plan carry balances in money market Funds. The money market funds are considered securities positions for purposes of SIPC coverage and would fall under the \$500,000 portion of SIPC coverage. The investment custodian also provides supplemental insurance through Lloyds of London to insure against loss over and above the provided by SIPC. This coverage is designed to protect investors whose assets are held in custody against crimes such as securities theft and fraud.

Fluctuating cash flows during the year due to tax collections and receipt of state aids may have resulted in temporary balances exceeding insured amounts by substantially higher amounts.

NOTE B – Liabilities

1. Pension Plan Obligations and Post-employment Benefits

Employee Retirement Plan

<u>Plan Description</u> – The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government, and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1,200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS. ETF issues a standalone Annual Comprehensive Financial Report (Annual Report), which can be found at http://etf.wi.gov/publications/cafr.htm.

<u>Vesting</u> – For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

IV – DETAIL NOTES ON ALL FUNDS (continued)

NOTE B - Liabilities (continued)

1. Pension Plan Obligations and Post-employment Benefits (continued)

Employee Retirement Plan (continued)

<u>Benefits Provided</u> – Employees who retire at or after age 65 (54 for protective occupation employees, 62 for elected officials and State executive participants, if hired on or before 12/31/2016) are entitled to a retirement benefit based on a formula factor, their final average earnings, and creditable service.

Final average earnings is the average of the participant's three highest annual earnings periods. Creditable service includes current service and prior service for which a participant receives earnings and made contributions as required. Creditable service also includes creditable military service. The retirement benefit will be calculated as a money purchase benefit based on the employer's contributions plus matching employer's contributions with interest, if that benefit is higher than the formula benefit.

Vested participants may retire at age 55 (50 for protective occupation employees) and receive an actuarially-reduced benefit. Employees terminating covered employment prior to eligibility for an annuity may either receive employee-required contributions plus interest as a separation benefit or leave contribution on deposit and defer application until eligible to receive a retirement benefit.

The WRS also provides death and disability benefits for employees.

<u>Post-Retirement Adjustments</u> – The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

| Year | Core Fund | Variable |
|------|-----------|----------|
| | | |
| 2011 | (1.2%) | 11.0% |
| 2012 | (7.0%) | (7.0%) |
| 2013 | (9.6%) | 9.0% |
| 2014 | 4.7% | 25.0% |
| 2015 | 2.9% | 2.0% |
| 2016 | 0.5% | (5.0%) |
| 2017 | 2.0% | 4.0% |
| 2018 | 2.4% | 17.0% |
| 2019 | 0.0% | (10.0%) |
| 2020 | 1.7% | 21.0% |

IV – DETAIL NOTES ON ALL FUNDS (continued)

NOTE B - Liabilities (continued)

1. Pension Plan Obligations and Post-employment Benefits (continued)

Employee Retirement Plan (continued)

<u>Contributions</u> – Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for general category employees, including teachers, and executives and elected officials. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the reporting period, the WRS recognized \$2,304,712 in contributions from the employer.

| Employee Category | Employee | Employer | | |
|---|----------|----------|--|--|
| General (Including Teachers, Executives | | | | |
| & Electeced Officials) | 6.75% | 6.75% | | |
| Protective with Social Security | 6.75% | 11.75% | | |
| Protective without Social Security | 6.75% | 16.35% | | |

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At December 31, 2021, the County reported an asset of \$12,439,819 for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2020, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2019, rolled forward to December 31, 2020. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The County's proportion of the net pension asset was based on the County's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2020, the County's proportion was 0.19925586% which was an increase of 0.00310823% from its proportion measured as of December 31, 2019.

For the year ended December 31, 2021, the County recognized pension expense of \$(1,331,688).

IV – DETAIL NOTES ON ALL FUNDS (continued)

NOTE B – Liabilities (continued)

1. Pension Plan Obligations and Post-employment Benefits (continued)

Employee Retirement Plan (continued)

At December 31, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | of | Deferred Outflows of Resources | | Deferred Inflows f Resources |
|---|----|--------------------------------------|----|------------------------------------|
| Differences between expected and actual experience | \$ | 18,004,238 | \$ | 3,878,080 |
| Changes in assumptions | | 282,159 | | - |
| Net differences between projected and actual earnings on pension plan investments | | - | | 23,354,748 |
| Changes in proportion and differences between employer contributions and proportionate share of contributions | | 57,581 | | 4,638 |
| Employer contributions subsequent to the measurement date | \$ | 2,304,712 | \$ | |

\$2,304,712 reported as deferred outflows related to pension resulting from the County's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

| Year Ended December 31: | Outf | et Deferred lows (Inflows) Resources |
|------------------------------|------|--|
| 2022 2023 2024 2025 | \$ | (2,285,262) (611,356) (4,215,835) (1,781,034) |

<u>Actuarial Assumptions</u> – The total pension liability in the December 31, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Actuarial valuation date Measurement date of net pension asset Actuarial cost method Asset valuation method | December 31, 2019 December 31, 2020 Entry Age Normal Fair Value |
|--|--|
| Long-term expected rate of return Discount rate | 7.00% 7.00% |
| Salary increases: | 0.000/ |
| Inflation | 3.00% |
| Seniority/Merit | 0.1% - 5.6% |
| Mortality | Wisconsin 2018 Mortality Table |
| Post-retirement adjustments* | 1.90% |

* No post-retirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience, and other factors. 1.9% is the assumed annual adjustment based on the investment return assumption and the post-retirement discount rate.

Actuarial assumptions are based upon an experience study conducted in 2018 that covered a threeyear period from January 1, 2015 to December 31, 2017. The total pension liability for December 31, 2020, is based upon a roll-forward of the liability calculated from the December 31, 2019, actuarial valuation.

Long-term expected Return on Plan Assets: The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

New England Pension Consultants Long-Term U.S. CPI (Inflation) Forecast: 2.40%

Asset allocations are managed within established ranges; target percentages may differ from actual monthly allocations.

Single Discount Rate: A single discount rate of 7.00% was used to measure the total pension liability and prior year. This single discount rate was based on the expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.00% (Source: Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-year Municipal GO AA Index" as of December 31, 2020. In describing this index, Fidelity notes that the municipal curves are constructed using option-adjusted analytics of a diverse population of over 10,000 tax-exempt securities). Because of the unique structure of WRS, the 7.00% expected rate of return implies that a dividend of approximately 1.9% will always be paid. For purpose of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the municipal bond rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate: The following presents the County's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.0 percent, as well as what the County's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.0 percent) or 1-percentage-point higher (8.0 percent) than the current rate:

| | | | Current | |
|-----------------------------------|----|-------------|--------------------|-----------------|
| | 19 | % Decrease | Discount | 1% Increase |
| | t | o Discount | Rate | to Discount |
| | F | Rate (6.0%) | (7.0%) | Rate (8.0%) |
| County's proportionate share of | | | | |
| the net pension liability (asset) | \$ | 11,840,984 | \$ (12,439,819) | \$ (30,273,889) |

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in separately issued financial statements available at <u>https://etf.wi.gov/about-etf/reports-and-studies/financial-reports-and-statements</u>.

Payables to the Pension Plan – At December 31, 2021, the County reported a payable of \$517,714 for the outstanding amount of contributions to the pension plan required for the year ended December 31, 2021.

Post-employment Benefits

The County provides other postemployment benefits (OPEB) for regular employees through a singleemployer defined benefit plan OPEB plan. An employee hired before January 1, 2019 and with at least 15 consecutive years of employment with the County, who becomes eligible for WRS benefits, and who applies for WRS benefits within 30 days of the last day they reported to work, shall be allowed to use up to 100 days of accumulated sick leave at the rate in effect at the time of retirement to use for health insurance premiums. The employee is able to participate in the retiree medical plan if they pay 100% of the retiree premium. If at the time of retirement, an employee had family coverage under the plan, the spouse and eligible dependents may continue in the plan if they pay 100% of the family premium. The benefit provisions are established through collective bargaining and employment agreements. The plan does not issue a stand-alone financial report.

IV – DETAIL NOTES ON ALL FUNDS (continued)

NOTE B – Liabilities (continued)

1. Pension Plan Obligations and Post-employment Benefits (continued)

Membership of the plan consisted of 17 retirees receiving benefits and 483 active plan members at December 31, 2019.

The County's total OPEB liability at December 31, 2021 was \$1,127,671. The total OPEB liability was measured as of December 31, 2020, and was based on a roll-forward of the liability calculated in the December 31, 2019 actuarial valuation. The total OPEB liability was determined using the following assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation | 2.0% |
|-----------------------|---|
| Salary increases: | |
| Inflation | 3.0% |
| Merit | 0.1% - 4.8% |
| Health Care Cost | 6.5% decreasing by 0.10% per year down to 5.0% |
| | and level thereafter |
| Discount Rate | 2.25% |
| Mortality | Wisconsin 2018 Mortality Table |
| Actuarial assumptions | Based on an experience study conducted in 2018 using WRS experience from 2015-2017 |

The 2.25 percent discount rate used to measure the total OPEB liability was determined by the actuary at Bond Buyer Go for a 20-year AA municipal bond as of December 31, 2020.

Changes in the total OPEB liability for the year ended December 31, 2021, are as follows:

| Balance at December 31, 2020 | \$1,430,071 |
|------------------------------|-------------|
| Changes for the year; | |
| Service cost | 93,181 |
| Interest | 34,118 |
| Change of assumptions | 42,298 |
| Benefit payments | (471,997) |
| Net Changes | (302,400) |
| Balance at December 31, 2021 | \$1,127,671 |

IV – DETAIL NOTES ON ALL FUNDS (continued)

NOTE B – Liabilities (continued)

1. Pension Plan Obligations and Post-employment Benefits (continued)

The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1.0 percentage point lower (1.25%) or 1.0 percentage higher (3.25%) than the current rate:

| | Decrease to sount Rate (1.25%) | Current Discount Rate (2.25%) | | 6 Increase to scount Rate (3.25%) |
|-------------------------------|--|----------------------------------|-----------|---|
| County's total OPEB liability | \$ 1,214,477 | \$ | 1,127,671 | \$ 1,043,933 |

The following represents the County's total OPEB liability calculated using the healthcare cost trend rate of 6.5% decreased to 5.0%, as well as what the County's total OPEB liability would be if it were calculated using the healthcare cost trend rate that is 1 percentage point lower (5.5% decreasing to 4.0%) or 1 percentage point higher (7.5% decreasing to 6.0%) than the current rate:

| | | (5.5 | Decrease to % decresing to 4.0%) | Tren | | | 6 Increase to % decreasing to 6.0%) |
|---|-------------------------------|------|--|------|-----------|----|---|
| - | County's total OPEB liability | \$ | 1,033,398 | \$ | 1,127,671 | \$ | 1,228,903 |

For the year ended December 31, 2021, the County, recognized OPEB expense of \$(74,211). At December 31, 2021, the County reported deferred outflows of resources related to OPEB from the following sources:

| | Ou | eferred atflows of esources | Deferred Inflows of Resources | | |
|---|----|-----------------------------------|-------------------------------------|---------|--|
| Difference between expected and actual experience | \$ | - | \$ | 273,646 | |
| Changes of assumptions | | 137,771 | | 83,474 | |
| County contributions subsequent to the measurement date | | 169,503 | | - | |
| | \$ | 307,274 | \$ | 357,120 | |

IV – DETAILED NOTES ON ALL FUNDS (continued)

NOTE B - Liabilities (continued)

1. Pension Plan Obligations and Post-employment Benefits (continued)

The amount of \$169,503 reported as deferred outflows of resources related to OPEB resulting from the County's contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended December 31, 2022. Other amounts reported as deferred outflows and deferred inflows of resources related to OPEB will be recognized in OPEB expenses as follows:

| | Net Deferred | |
|-------------------------|-------------------|----|
| | Outflows (Inflows |) |
| Year Ended December 31, | of Resources | |
| 2022 | \$ (32,00 | 6) |
| 2023 | (32,00 | 6) |
| 2024 | (32,00 | 6) |
| 2025 | (32,00 | 6) |
| 2026 | (32,00 | 6) |
| Thereafter | (59,31 | 9) |

2. Other Employee Benefits

Health and Workers' Compensation

The County has chosen to establish risk-financing funds for risks associated with the employees' health and workers' compensation insurance plans. These risk-financing funds are accounted for as internal service funds where assets are set aside for claim settlements. A premium is charged to each fund that accounts for part-time or full-time employees.

The County provides health insurance coverage for its employees for up to \$100,000 per person per insured event. The County obtains independent coverage for insured events in excess of the \$100,000 limit and a County aggregate total of \$9,048,002 per year. The County provides workers' compensation coverage for its employees up to the statutory limit.

Liabilities include an amount for claims that have been incurred but not reported (IBNRs). IBNRs have been calculated by estimating three months of claims for employee health. IBNR's for worker's compensation uses estimated medical, indemnity and other expense reserves for specific cases for all open years. This calculation takes in the effects of inflation and recent claim settlement trends.

Changes in the balances of claim liabilities (IBNRs) for the past two years are as follows:

| | Worker's Compensation | | | Employee Health Plan | | | | Ith Plan | |
|-------------------|-----------------------|---------|----|----------------------|---|----|-----------|----------|-----------|
| | 2021 2020 | | | 2021 | | | 2020 | | |
| Beginning balance | \$ | 636,909 | \$ | 342,486 | _ | \$ | 1,029,455 | \$ | 527,290 |
| Claims incurred | | 339,153 | | 667,416 | | | 9,481,901 | | 7,763,517 |
| Claims paid | | 450,236 | | 372,993 | _ | | 9,008,734 | | 7,261,352 |
| Ending balance | \$ | 525,826 | \$ | 636,909 | | \$ | 1,502,622 | \$ | 1,029,455 |

3. Claims and Judgments

Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The County manages these risks through the purchase of various forms of commercial insurance. Some of those commercial insurance policies have established deductible amounts whereby the County would be responsible for the portion of claims, losses and damages under the deductible limits. All funds participate in the coverage provided by the commercial insurance carriers for general liability and property coverage.

There were no significant reductions in insurance coverage from the prior year. There have been no insurance settlements in the last three years (2019 – 2021) that exceeded insurance coverage.

Professional Liability Insurance

Human Services Inpatient and Outpatient Care and Edgewater Haven Nursing Home's professional liability insurance for claim losses (limits listed below) covers professional liability claims incurred during a policy year (occurrence-base coverage). The professional liability insurance policy is renewable annually and has been renewed by the insurance carrier for the annual period extending through the dates listed below.

| | Hur | nan Services | | | |
|-------------------|----------------|---------------|-----|------------------|--|
| | Edgewater Have | | | | |
| | <u>Out</u> | patient Care | Nur | <u>sing Home</u> | |
| Limits: Per Claim | \$ | 1,000,000 | \$ | 1,000,000 | |
| Annual Aggregate | | 3,000,000 | | 3,000,000 | |
| Renewed through | | April 1, 2022 | Jar | nuary 1, 2023 | |

4. Lease Obligations (Capital and Operating)

Operating Leases

Wood County Human Services leases group homes, office space and various items of office equipment that are classified as operating leases.

Future minimum payments, by year and in the aggregate, under non-cancelable operating leases with initial or remaining terms in excess of one year, at December 31, 2021, consist of the following:

| Year Ended December 31 | | |
|------------------------|---|---------------|
| 2022 | | \$ 112,754 |
| 2023 | | 115,823 |
| 2024 | | 118,718 |
| 2025 | | 121,686 |
| 2026 | _ | 124,729 |
| | | \$ 593,710 |

Human Services rental expense amounted to \$148,049 and \$169,763 for 2021 and 2020 respectively.

IV – DETAILED NOTES ON ALL FUNDS (continued)

NOTE B – Liabilities (continued)

4. Lease Obligations (Capital and Operating) (continued)

Capital Leases

General County departments, as lessees, lease various pieces of equipment for monthly payments.

The assets acquired through capital leases are as follows:

| | | ernmental |
|--|----|-----------|
| | A | ctivities |
| Machinery and equipment | \$ | 51,799 |
| Less: Value below capitalization level | | - |
| Less: Accumulated depreciation | | (42,804) |
| Total | \$ | 8,995 |

5. Long-Term Obligations

A detail of the County's indebtedness follows:

| | Outstanding 12/31/2021 |
|--|---------------------------|
| <u>General Obligation Bonds:</u> 2014 general obligation promissory notes with installments between \$395,000 to \$690,000 through 10/01/24 interest between 2.0% to 4.0% Notes were issued to fund \$4.825 million of highway construction in 2015 | \$ 1,525,000 |
| 2015 general obligation promissory notes with installments between \$380,000 to \$840,000 through 10/01/24 interest between 2.0% to 2.5% Notes were issued to fund \$4.785 million of highway construction in 2016, fund \$1.02 million of a STEM addition at UW Marshfield/Wood County, and refinance the State Trust Fund Loan for \$880,000 | 2,480,000 |
| 2016 general obligation promissory notes with installments between \$775,000 to \$1,175,000 through 10/01/26 interest between 1.0% to 2.0% Notes were issued to fund \$4.73 million of highway construction in 2017, and fund \$5.0 million of Courthouse and River Block building renovations | 5,255,000 |
| 2017 general obligation promissory notes with installments between \$495,000 to \$600,000 through 10/01/27 interest between 1.0% to 2.0% Notes were issued to fund \$2.5 million of highway construction in 2018, fund \$1.19 million of Constructions in Progress, and \$1.75 million refinance of State Trust Fund Loans which were paid in 2018 | 3,415,000 |
| 2018 general obligation promissory notes with installments between \$345,000 to \$385,000 through 10/01/28 interest is 3.0% Notes were issued to fund \$2.3 million of highway construction in 2019, fund \$1.14 million of Constructions in Progress | 2,475,000 |
| 2019 general obligation promissory notes with installments between \$355,000 to \$565,000 through 10/01/29 interest is 2.0% Notes were issued to fund \$2.32 million of highway construction in 2019, fund \$2.53 million of Constructions in Progress | 4,200,000 |
| 2020 general obligation promissory notes with installments between \$270,000 to \$445,000 through 10/01/30 interest is 1.0% Notes were issued to fund \$2.38 million of highway construction in 2020, fund \$1.61 million of Constructions in Progress | 3,720,000 |
| 2021 general obligation refunding bonds with installments between \$675,000 to \$4,600,000 through 10/01/41 interest is between 2.0% and 3.0% Bonds were issued to fund \$2.27 million of highway construction in 2021, fund \$0.92 million of Constructions in Progress and \$58.74 million jail project | 58,925,000 |
| Total Indebtedness | \$ 81,995,000 |

General obligation bonds/notes are secured by the full faith and credit and unlimited taxing power of the County and will be retired by future property tax levies and resources accumulated in the Debt Service Fund.

WOOD COUNTY, WISCONSIN NOTES TO FINANCIAL STATEMENTS

December 31, 2021

IV – DETAILED NOTES ON ALL FUNDS (continued)

NOTE B - Liabilities (continued)

5. Long-Term Obligations (continued)

Legal debt margin

The government is subject to a debt limit that is 5 percent of the full valuation of taxable real property. At December 31, 2021 that amount was \$302,769,110. As of December 31, 2021 the total outstanding debt applicable to the limit was \$81,633,182 which is 26.96 percent of the total debt limit.

The long-term obligations of the County are as follows:

| Туре | Balance <u>January 1</u> | Additions | <u>Removals</u> | Balance December 31 | Due Within <u>One Year</u> |
|------------------------------------|-----------------------------|------------------|------------------|------------------------|-------------------------------|
| Governmental activities | | | | | |

V – OTHER INFORMATION

Note A – Joint Ventures and Jointly Governed Organizations

Marshfield Fairgrounds Commission

The Marshfield Fairgrounds Commission is a joint venture between the Wood County Board of Supervisors and the City of Marshfield Common Council for the improvement, maintenance, repair and operation of the Marshfield Fairgrounds. The Commission Board consists of six members: three county board supervisors who are appointed by the chairman of the Wood County Board with the approval of the county board and three aldermen from the City of Marshfield who are appointed by the mayor with approval of the council. The Fairgrounds Commission has the full, complete and exclusive jurisdiction of the fairgrounds. Wood County is providing funds for the construction, improvement, repair and maintenance of the buildings located on the Marshfield Fairgrounds, other than such properties owned by third parties, while the City of Marshfield is to provide the necessary funds for the maintenance of the land, exclusive of the buildings and similar structures. Any buildings or structures constructed upon the fairgrounds by the Commission become the property of the City of Marshfield. In 2021, the County paid \$25,000 to the Commission. Complete, separate financial statements for the Fairgrounds Commission may be obtained through the Secretary/Treasurer of the Commission.

University Commission: UW-Stevens Point at Marshfield

The University Commission: UW-Stevens Point at Marshfield (Commission) is a joint venture between the Wood County Board of Supervisors and the Common Council of the City of Marshfield for the purchase of the site and construction of said center, and the care, custody, maintenance, improvement and repair of the lands and buildings during its operation as a University Extension Center. The Commission Board consists of six members: three county board supervisors who are appointed by the chairman of the Wood County Board with approval of the county board and three aldermen from the City of Marshfield who are appointed by the mayor with approval of the council. Before September of every year, the Commission submits to the Wood County Board and the Marshfield Common Council a budget indicating the amount needed from each governing body to defray the costs of maintenance, care, custody, repair and improvement of the buildings and premises of the University of Wisconsin – Stevens Point at Marshfield for the ensuing year. In 2021, the County paid \$58,875 (\$50,907 operations and \$7,968 capital projects) to the Commission for its share of expenditures. Complete, separate financial statements for the University Commission: UW-Stevens Point at Marshfield may be obtained at:

UW-Stevens Point at Marshfield Assistant Campus Dean of Administrative Services 2000 West 5th Street Marshfield, WI 54449.

V – OTHER INFORMATION (continued)

Note A – Joint Ventures and Jointly Governed Organizations (continued)

Aging and Disability Resource Center of Central Wisconsin (ADRC-CW)

Wood County joined with Marathon County to jointly administer an ADRC Grant from the State of Wisconsin in 2007. An intergovernmental agreement was signed setting up the structure of the Aging and Disability Resource Center of Central Wisconsin (ADRC-CW). Langlade and Lincoln Counties joined the ADRC-CW in 2011. The ADRC-CW Board consists of three representatives from each county, two of which need to be county board members. There are also three citizen members on the ADRC-CW board. The Wood County Elderly Transportation program, which was being administered by the ADRC-CW was transferred to the Wood County Human Services Department at the start of 2013.

In accordance with the intergovernmental agreement, Wood County provides one third of the tax levy support for the joint operation. For 2021 Wood County provided \$198,278 of the total tax levy support.

Complete, separate financial statements for the Aging and Disability Resource Center of Central Wisconsin may be obtained at the Finance Department, Marathon County, 500 Forest Street, Wausau, WI 54403.

Inclusa of Central Wisconsin

Wood County is a participant with nine other Counties in Inclusa, a regional entity created to provide long-term care services to eligible residents in the three counties. Wood County appoints three of the nine-member Inclusa Board. Wood County has no equity interest in the Inclusa and any obligations or debt of the Inclusa, are not the obligations or debts of any county that created the entity. The County received revenue of \$63,101 for Transportation and \$25,361 for the Outpatient Clinic from Inclusa In 2021.

Note B – Contingencies

The County participates in a number of intergovernmental grant programs, which have various requirements, and are subject to audit by the awarding agencies. Such audits may result in reimbursements of funds advanced or disallowance of program expenditures. The County believes the amount of reimbursement or disallowance, if any, would be immaterial.

There are several lawsuits pending in which the County is involved. The County's Corporation Counsel estimates the potential claims resulting from litigation against the County that are not covered by insurance would not materially affect the financial statements of the County.

Information for the last ten years will be shown as the data becomes available. 2015 was the 1st year of implementation.

COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

WOOD COUNTY, WISCONSIN

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for the proceeds from specific revenue sources (other than expendable trust or major capital projects) that are either restricted or committed to use for specific purposes. During 2021, the County had the following non-major special revenue funds:

<u>Aging & Disability Resource Center</u> – to account for the County's share of the joint venture with Marathon, Lincoln and Langlade to provide education, advocacy and access to services to lessen the impact of aging and disabilities in the lives of adults. Funding is provided through Tax Levy.

<u>Child Support Fund</u> – to account for the provisions of services to County residents in the areas of child support enforcement, paternity establishment and medical support enforcement. Funding is provided through federal and state grants.

Parks:

<u>Forestry Roads Fund</u> – to account for the costs related to the improvement of public roads within the County forests, which are open and used for travel. Funding is provided through state grants.

<u>Forests State Aid Fund</u> – to account for the costs related to the purchase, development, preservation and maintenance of County forestlands. Funding is provided through state grants.

<u>Parks State Aid Fund</u> – to account for the costs related to the maintenance and construction of ATV and snowmobile trails. Funding is provided through state grants.

<u>Wildlife Habitat Fund</u> – to account for expenditures related to wildlife management operations on County forest lands, limited to approved projects designed to benefit wildlife and the natural environment. Funding is provided through state grants. <u>Parks Capital Projects</u> – to account for the costs and funding of parks capital projects where the total project costs are shared between the County and the State. Funding is provided by state grants and parks revenues; typically timber sales.

Planning and Zoning:

<u>Land Records Fund</u> – to account for the modernization of land information using tools such as Geographic Information Systems (GIS) and document imaging software, and the costs related to GIS software training and other educational and informational programs. Funding is provided by recording fees collected by the Register of Deeds and state grants.

<u>Private Sewage Fund</u> – to account for the maintenance of safe and healthful conditions by regulating private onsite wastewater treatment systems (POWTS) use including location, installation, operation, management, inspection and repair. Revenues are provided by permit fees charged to property owners obtaining sanitary permits in Wood County.

Land & Water Conservation:

<u>DNR Grants Fund</u> – to account for services provided to landowners within the watershed, and others including farmers and units of government with water quality and soil erosion problems and the costs related to educational and informational programs. Funding is provided through state grants.

<u>Nonmetallic Mining Reclamation Fund</u> – to account for the costs related to the regulation and administration of the Wood County nonmetallic mining reclamation ordinance. Revenues are provided by permit fees charged to operators of all nonmetallic mining sites.

<u>Land & Water Conservation Fund</u> – the contributions are to be used for environmental awareness, conservation or education involving land conservation

<u>14-Mile and Mill Creek Watersheds</u> – the contributions are to be used for services provided to landowners within the watersheds with water quality and soil erosion problems and the cost related to educational and information programs.

<u>Transportation and Economic Development Fund</u> – to account for the maintenance and enhancement of economic development of Wood County through the promotion and support of industrial development and transportation services. Funding is provided through state grants. <u>Sheriff Fund</u> – to account for specific elements of sheriff and corrections that are handled in a trust capacity. The Sheriff Fund is a non-budgeted fund. In 2021, the fund encompassed the following: rescue activities, drug investigations, bonds, canine operations, jail canteen and inmate deposits.

<u>Ho-Chunk Donations</u> – to account for contributions from, and uses of, proceeds by the Ho-Chunk Native American Nation. Wood County informs the Nation of the planned and actual uses of the revenue to assure them that the uses of revenue do not conflict with the interests of the Nation.

SALES TAX

<u>The Sales Tax Fund</u> – to account for the collection of sales tax and is maintained as a special revenue fund for budgetary purposes only. Under GAAP, this fund does not meet the criteria to be reported as a special revenue fund and is reported as part of the General Fund.

CAPITAL PROJECT FUNDS

<u>A Capital Project Fund</u> – is created to account for financial resources used for the acquisition or construction of major capital facilities other than those financed by proprietary funds. During 2021, the County had the following Capital Project Funds:

<u>Highway Capital Project Fund</u> – to account for the construction and costs related to highway improvement projects.

INTERNAL SERVICE FUNDS

Internal service funds are used to account for the financing and services provided by one department or agency to other departments or agencies of the County or to other governmental units on a cost-reimbursement basis. During 2021, the County had the following internal service funds:

<u>Workers Compensation Fund</u> – to account for the cost of the County employees' self-insured workers' compensation coverage. Revenues are provided by fees charged to user departments.

<u>Employee Health Plan Fund</u> – to account for the cost of the County employees' self-insured health plan. Revenues are provided by fees charged to user departments and employee paid premiums based on actuarial evaluations.

<u>Building Maintenance Fund</u> – to account for the costs of maintenance, repairs and improvements to the following county owned buildings: courthouse and jail, joint use building, sheriff lockup, and Riverblock. Revenues are provided by rent charged to user departments.

<u>Other Post-Employment Benefits (OPEB)</u> – to account for the costs of the "payas-you-go" conversion of the value of employee sick leave to health coverage upon retirement. Revenues are provided by fees charged to user departments as a percentage of gross wages.

<u>PC Replacement</u> – to account for the replacement of computers for county departments. Revenues are provided by fees charged to user departments.

SOURCE: Wisconsin Department of Revenue, Bureau of Property Tax, Statistical Report of Property Valuations.

 NOTES:
 (A) Due to varying assessment policies in the municipalities, the County uses equalized value of taxable property for tax

 levy purposes.
 The equalized value ratios are determined by the Wisconsin Department of Revenue, Bureau of Property Tax.

(B) Equalized values are reduced by the increment value of tax increment districts (TID) for apportioning the County tax levy.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

County Board Wood County Wisconsin Rapids, Wisconsin

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Wood County, Wisconsin (the "County"), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 29, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described below, we identified certain deficiencies in internal control that we consider to be a material weakness and a significant deficiency. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. We consider the following deficiency to be a material weakness:

2021-002 Financial Accounting and Reporting

The County is responsible for reporting financial data reliably in accordance with GAAP. As part of our professional services for the year ended December 31, 2020, we were requested to draft the financial statements and accompanying notes to the financial statements. The completeness of the financial statements disclosures and accuracy of the financial statement presentation may be negatively impacted as outside auditors do not have the same comprehensive understanding of the County as its own management.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency to be a significant deficiency:

2021-001 Segregation of Duties

The size of the County's staff in charge of accounting and reporting functions indicates a lack of segregation of duties. The basic premise is that no one employee should have access to both physical assets and the related accounting records or to all phases of a transaction, which decreases the likelihood that unauthorized or false transactions will be prevented or detected and corrected in a timely fashion. This condition may lead to misstated financial statements. The County Board performs limited reviews of the transactions in this area. However, because oversight is limited, this is a significant deficiency in internal control.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

We noted certain matters that we reported to management of the County in a separate letter dated June 29, 2022.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
