ADMINISTATIVE REPORT - SUE SMITH, RN. MSN. CPM

- Our leadership team started meeting with the Aspirus Riverview leadership team several months ago to keep one another updated on top priorities and work on a joint healthy birth project. The meetings have been very productive in getting work done and building relationships.
- I continue to serve as a mentor for Tina in Juneau County. I will also continue as Interim Juneau County Health Officer until Tina finishes up her credits to be statutorily qualified to take on the Health Officer role.
- I was recently reappointed to serve on the National Association of Counties Health and Human Services Steering Committee. This is a national group that meets virtually each month and in-person at the NACo Legislative Conference in February and the NACo Annual Conference in July each year. The focus of the work is on federal policies that impact health, human services, and related departments. I also made travel arrangements for the NACo Opioid Solutions Leadership Network meeting in Seattle next month.
- I've been working on an opioid harm reduction toolkit intended for county governmental leadership to help others understand what harm reduction is and what it isn't and what research says about the various harm reduction strategies we currently have.

SUPERVISOR OF STRATEGIC INITIATIVES REPORT - KRISTIE RAUTER EGGE, MPH

- Staff met with the MACCI Business Development Director to discuss how WCHD and MACCI can partner on initiatives and share communication with our contact lists.
- Staff analyzed Youth Risk Behavior Surveillance results from the past five years, created a data trend summary, and shared it with school leadership during a Wood County Health Department/School partner meeting.
- The final grant report for the DHS Qualitative Data Grant was submitted. Staff are working on creating a report to share publicly.
- Staff completed multiple narrative write-ups for Public Health Accreditation Board (PHAB) reaccreditation.
- Staff completed a statewide public health data infrastructure assessment.
- A UW Madison Master of Public Health (MPH) student developed an alcohol outlet density map for Wood County using GIS and is working on adding a crime data overlay.

Communication/Branding

Communication policies, guides, and other documents are being updated for PHAB accreditation. An article on Social Wellness was written and published in the Pittsville Record.

Community Health Assessment

Staff shared the results of the Community Health Assessment (CHA) on the radio. A UW Milwaukee MPH Epidemiology student analyzed CHA survey results by subpopulations.

Community Health Improvement Plan

Staff are working on the Community Health Improvement Plan (CHIP) planning phase to determine goals, objectives, and strategies for new health priorities.

Incarceration

An update was made to a brochure meant to provide statewide resources for people who are released from jail. This brochure is being printed and given to organizations in the community that work with formerly incarcerated people.

<u>Housing</u>

Staff provided updates from the Wood County Housing Task Force at the REDI Roundtable meeting on July 11. Another Wood County Housing Task Force meeting took place on July 30. The group is reviewing a draft of the Wood County Housing Study as part of Wood County's Comprehensive Plan. The group is also planning a Housing Open House for spring that will serve as a day filled with resources, education, and support for people looking for affordable housing options in the area.

<u>Transportation and Recreation</u>

The U.S. DOT SMART Transportation grant was submitted on July 12. We will hear back if we are awarded the grant sometime in February or March. Grant funds will be used to plan the "Waupaca Catch-a-Ride" program details and pilot the program in a seven-county region in Wisconsin (Adams, Clark, Juneau, Marathon, Portage, Taylor, and Wood) and ten counties in Texas.

Substance Use - IMPACT

- Drug-Free Communities Grant Progress Report: Drug-Free Communities (DFC) grant recipients must submit annual
 progress reports. Progress reports were done every six months in the past, but the CDC has switched them to be due
 annually. DFC-paid staff worked on the progress report from August 1, 2023, through July 31, 2024. The report
 encompasses all the work of IMPACT during this period. Along with the progress report is a data management plan, a
 collation classification tool, and core measure data are also due. The due date for this year's report is August 15.
- Alcohol workgroup: Members of the alcohol workgroup have been collaborating with representatives from DHS and the
 Wisconsin Alcohol Policy Project to develop best practice guidelines around alcohol licensing. The workgroup partnered
 with the Wood County Sheriff's Department to produce materials for conducting alcohol age compliance checks in the
 county. Data from the POLD (Place of Last Drink) from January 1, 2024, to June 30, 2024, was analyzed, and a report
 was generated. This data will be shared with law enforcement agencies in Wood County to facilitate a better
 understanding of establishments that may require additional resources or training related to responsible beverage
 serving.
- THC Committee: Members of the IMPACT THC Committee have been meeting with THC retailers in Wood County as part of an ongoing evaluation of the hemp-derived products ordinance. They document their interactions and identify potential obstacles that may affect retailers' compliance with the ordinance. The goal is to find ways to support the retailers. The retailers have been provided with ID sheets from the Department of Transportation to assist them in identifying valid customer IDs, and best practice recommendations including keeping items behind the counter.
- Healthy People Wood County staff met with the Clark County Health Department regarding a hemp ordinance that would
 place an age restriction on products with psychoactive properties, similar to the ordinances in place in Wood County and
 local municipalities.
- Opioid Settlement: The Wood County opioid task force released a request for proposals for the FY 2025 opioid settlement funds. Awards will be based on proposals with evidence-based support that fall within the approved uses of funds in the categories of prevention, harm reduction, treatment, recovery, criminal justice, law enforcement, community grants, and evaluation/communication/stigma reduction as approved by County Board in the Opioid Settlement Plan.
 Wood County currently has just over \$1 million, \$550,000 of which is earmarked for a Federally Qualified Health Center construction in Wisconsin Rapids. Due to this initial allocation of funds supporting treatment, additional treatment projects may be considered but will not be prioritized in the first year of funding by the Opioid Task Force.
- Narcan Direct Program: In July, 76 Narcan kits were distributed to community members through various targeted strategies, and 57 individuals were trained in overdose prevention and Narcan administration. Narcan training was provided at Mary's place in Wisconsin Rapids on July 15, with 13 people in attendance. Adult day treatment participants were also provided with Narcan training, which happens monthly. On July 25, 32 Wood County employees were trained.
- LifePoint Program: Fourteen Individuals participated in the Wood County LifePoint program in July. Additionally, 33 other people we supported through this program. It is estimated that over 800 syringes were returned for proper disposal, and numerous resources were provided to support the health of this vulnerable population. Ongoing needs continue to be identified for participants, including barriers and gaps in access to treatment/recovery services.

Access to Healthy Foods

- Wisconsin Rapids Downtown Farmer's Market: National Farmer's Market Week is this week, and we are excited to celebrate our vendors. On Thursday, August 8, there will be a dance performance between 10 am and 12 pm by Central WI Nkauj Ntxhais. There will be giveaways; visitors can enter to win one of two \$20 farmer's market gift certificates by stopping at the management booth to sign up, and kids can complete a bingo card for prizes. Please show your support by visiting our market!
- In July, we had 67 vendors and processed the following:
 - \$1,777 in Debit/Credit transactions
 - \$1,167 in SNAP/EBT transactions
 - \$460 in SNAP/EBT Double Dollar Match Program
 - \$420 in Aspirus Fruit and Veggies RX Program
 - \$49,429 Sales reported by market vendors

Safe Kids Wood & Clark Counties

Staff scheduled Facebook posts for August and attended National Night Out, which had a booth on bike safety. Staff gave away 20 helmets, brain pencil erasers, and Clifford Bike Safety books at the event. They also held a Safe Kids Coalition meeting, which included discussing what projects everyone is working on. Staff completed car seat reporting/DOT reporting.

ENVIRONMENTAL HEALTH REPORT - BEN JEFFREY. R.S.

Water Lab

Logan Manthe successfully completed proficiency testing for nitrates last month. The Wood County Water Lab has completed both bacteria and nitrate requirements for certification through August 2025.

New Businesses and Consultations

Staff completed a pre-licensing inspection for J-Rolls Mobile Food Establishment based in the Marshfield area. A pre-licensing inspection was completed for Lindsey Bar due to a change in ownership. A pre-licensing inspection was

completed for Noodles & Company, a new location in Wisconsin Rapids. A pre-licensing inspection was completed for Jags Mercy Farms in Marshfield. Pre-licensing inspections were completed for three new short-term rentals in Wood County last month.

Complaint Investigations

Twelve complaint investigations were completed in the month of July.

- A complaint was received regarding living conditions inside of an assisted living center. Staff provided the complainant resources to address the concerns.
- A caller reported food safety concerns at a licensed food establishment. Staff completed an onsite complaint inspection and provided food safety education as it related to the complaint.
- A complaint was received regarding a licensed lodging facility for overall uncleanliness and bugs. Staff completed a complaint inspection. No bugs were observed. Corrective actions are in place for more frequent cleaning.
- A complaint was received regarding campers on a parcel of property not having a license. Staff provided education and a license was not required.
- A complaint was reported regarding garbage and poor living conditions. Staff were onsite, but no public health hazards were observed.
- A caller reported mold inside a rental unit. Staff were onsite and observed water damage from condensation, but no public health ordinance violations.
- A complaint was received regarding poor indoor air quality in a home. Staff provided education and recommended a dehumidifier.
- A caller reported mold in a rental unit. Staff contacted the landlord, and a plumber has been hired to address the issue.
- A complaint was received regarding a hoarding problem inside a home and a possible fire hazard. Staff investigated the
 concern, but it did not present any health hazards at this time. No further action was necessary. Education was provided
 to the homeowner.
- A complaint was received regarding mold in an apartment unit. The tenant has since moved out and is no longer living in the unit.
- A complaint was received regarding living conditions inside a home. Environmental health staff were onsite and discovered multiple health hazards. Orders have been issued to the property owner.
- A caller reported cockroaches and bedbugs in a home. Professional treatment has been completed at the residence.

HEALTHY SMILES FOR WOOD COUNTY REPORT - NICOLE BURLINGAME, RDH

Healthy Smiles received our Award Letter from Wisconsin Seal-A-Smile for the 2024-25 school year. We will be paid for providing screenings, sealants, multiple fluoride varnish applications, and entering data. On September 4-5, Wisconsin Seal-A-Smile will be holding their annual meeting in Wausau.

PUBLIC HEALTH NURSE SUPERVISOR REPORT - ERICA SHERMAN, MSN, RN, IBCLC

Family Health and Injury Prevention

2023 data report is complete and attached. The health department is collaborating with Aspirus Riverview Hospital to take a deeper dive into birth outcomes data. We are currently in the process of reviewing and analyzing data on births from July 2023 through June 2024.

Parents as Teachers (PAT)

- We have submitted a letter of intent to the Wisconsin Partnership Community Impact Grant Program to expand our PAT reach. We received notification that we have passed stage 1 of the grant process and are now working to complete the full application. The grant would support an additional bilingual parent educator for 2025-2028.
- The PAT team is currently working to complete our first full year Affiliate Performance Report. Our preliminary report shows we are meeting 19 of the 21 essential requirements. As a first full-year affiliate, this is an exceptional accomplishment. Quality improvement measures are in place to address the two missed requirements.

Emergency Preparedness

- Emergency Preparedness efforts at the Health Department have been focused around the upcoming PHAB (Public Health Accreditation Board) re-accreditation process. This involves review of current public health emergency response plans and ensuring collaboration from partner agencies.
- Planning is underway for a collaborative workshop with Wisconsin Rapids Fire Department and Wisconsin Rapids Police Department to review an active shooter scenario. Public Health and Human Services have an active role in reunification, accountability, and mass fatality operations in this workshop.

Communicable Disease

H5N1 (Highly Pathogenic Avian Influenza) is still a nationwide health concern as more dairy cattle herds and poultry flocks are becoming infected. To date, Wisconsin has not seen any human infections of H5N1. The Health Department has updated its Avian Influenza response plans and checklists to adapt to the current CDC recommendations. Folks that work directly with poultry or dairy cattle are highly encouraged to wear personal protective equipment such as gloves and face masks.

Pertussis (Whooping Cough) activity has been on the rise in Wisconsin. To date in 2024, Wisconsin has 278 confirmed pertussis cases statewide, compared to a total of 51 cases reported in 2023. While cases range in age from 1 month to 79 years, over half of the cases are in teens aged 11–18 years. Fifteen infants have been identified with Pertussis and three have been hospitalized. No deaths have been reported. Wood County has recently seen its first cases in 2024. There are currently three lab-confirmed cases known in Wood County. In 2023, Wood County only saw one case of pertussis. Local healthcare providers have been advised to maintain a high level of suspicion for those presenting with pertussis symptoms, and test and treat accordingly.

WOMEN, INFANTS AND CHILDREN (WIC) REPORT - CAMEN HOFER, RD, CD, IBCLC

- WIC issued 1,075 WIC Farmers Market Nutrition Program (FMNP) vouchers to 215 WIC participants in June and 1,645 to 329 participants in July. WIC attends the Wisconsin Rapids Downtown Farmers Market on Thursdays and the 1st Saturday per month to issue vouchers and assist families with any WIC questions.
- Staff started implementing the new ONE (Online Nutrition Education) platform on July 22 and feedback from WIC participants has been positive so far. Staff will use ONE in place of WICHealth.org to have WIC participants complete online lessons and be able to share handouts/information with participants.

WOOD COUNTY HUMAN SERVICES DEPARTMENT REPORT August 2024

Director Update by Brandon Vruwink

The Human Services Department is in the middle of our budget process. By the August Health and Human Services Committee meeting, our budget will have been submitted to Finance and will be ready for review. As I noted in my previous update to the committee, the cost of contracted services has continued to increase, and that will be reflected in our budget. We continue reviewing gap areas within our service array and working to address them in the budget. Please feel free to reach out with any questions.

Our landlord at the DC Steinle Plaza notified me that they plan to sell the building. The plan is to close on the sale by the end of August. I have been assured that there will be no changes other than having a new ownership group. As a reminder, we have just over five years remaining on the lease, which runs through October 31, 2029. Currently, the space meets our needs, but it is tight on the second floor. As we get closer to the end of our lease, the committee will need to assess our space needs and determine if the space continues to meet our needs. I will be sure to keep this on your radar.

I am pleased to report that Katie Miloch has graduated from the National Association of Counties Leadership Academy! Over the past several months, Katie embraced the opportunity to grow and learn from colleagues across the country. Katie was honored to be chosen as one of the graduation speakers. Please join me in congratulating Katie on her graduation and the honor of being selected as a speaker.

Deputy Director Update by Katie Miloch

This past month has been busy preparing for next year's budget and working through the transition for Crisis to switch over to Northwest Connections. This is scheduled to occur at the end of August and we appreciate the patience and understanding community partners have shown as we work through this process, as well as our dedicated staff who have stepped up to ensure shift coverage on the Crisis line. I have worked closely with Division Administrator Stephanie Gudmunsen as we prepare for the launch of the certified CSP program. I am grateful for the committee's decision to pursue this much needed resource and am hopeful this program will serve a gap for those with chronic mental illness in our community.

Human Services was able to host a training for county staff to learn more about the Victim Services that PDC offers. Just over 80 staff from several departments attended this and had great feedback. Additionally, Human Services teams were invited to Ho-Chunk's Healing Camp where we had an informational booth and provided handouts on community resources, family services, and behavioral health. This was well received and have already been invited back for next year's event.

I have completed the High Performance Leadership program offered through NACo. This was a twelve week online program which included small-group meetings, individualized assignments, and large group sessions. This training focused on best practices in leadership, organizational development/change management, negotiation and collaboration, and effective business communication. I was honored to be asked to speak at our graduation ceremony and am thankful for the opportunity to have had this training.

Administrative Services Update by Mary Schlagenhaft

Personnel Update: Open positions of writing this: Nursing – Licensed Nurses: 2 Fulltime Nurses Activities: 1 Fulltime Recreational Therapy Aide

Since last report all CNA positions have been filled. The CNA wage changes approved by the Health and Human Services Committee and implemented July 1, 2024 have been successful in recruitment and retention of CNAs.

Quality Assurance Performance Improvement (QAPI): Edgewater Haven's QAPI Committee met on July 23, 2024. At the meeting Edgewater Leadership provided updates pertinent to the conditions of the residents and quality metrics of the facility. The quality measures, which are derived from the MDS Assessment Process, are compared to state and national trends, in which Edgewater's quality marks remain 5 star. Discussion was held regarding the facility's annual survey and the plan of correction. The plan of correction will be reviewed at upcoming QAPI meetings.

Facility Assessment: The new CMS Staffing Mandate required all skilled nursing facilities in the nation to make significant updates to their facility assessment by August 10, 2024. Within the Facility Assessment it is separated into detailed subchapters including: Facility Overview, Services and Resources, Equipment and Supplies, Facility Personnel, Competencies, Residents, and Facility and Community Risk.

Each subchapter was reviewed for compliance. To meet the requirement of the CMS Staffing Mandate in which the following elements were added to the facility assessment in the facility personnel and residents subchapters:

- Facility Personnel
 - o Edgewater Haven Person-Centered Staffing Plan
 - o Edgewater Haven Staffing Calculator
 - o Edgewater Haven Retention Plan
 - o Edgewater Haven Recruitment Plan
 - o Edgewater Haven Crisis Staffing Plan
- Residents
 - o Edgewater Haven Resident Acuity Admission and Staffing Process
 - o Edgewater Haven Resident Centered Care Plan
 - o Edgewater Haven Notification of Resident Change in Condition

The remaining subchapters of the facility assessment met the requirements of the CMS Staffing Mandate and they were last updated in February of 2024.

The Facility Assessment was reviewed at Edgewater Haven's QAPI Committee meeting on July 23, 2024. The QAPI Committee will review the Facility Assessment at its upcoming quarterly meetings.

Norwood Health Center Update by Marissa Kornack

As has been mentioned for the last couple of months, the final rule on minimum staffing standards for nursing homes was issued by the Centers for Medicare and Medicaid Services (CMS) in May. This rule included three phases for staggered implementation. The first phase requires that within 90-days of the final rule publication, facilities must meet the revised facility assessment requirements. While the requirement for facilities to have a facility assessment has existed for years, the new requirements focus on including provisions centered around staffing, resident acuity, recruitment/retention, and workforce unavailability. Norwood's facility assessment has been updated to include all of the new requirements. Our quality assurance performance improvement (QAPI) committee will monitor, review, and approve revisions at monthly or quarterly meetings moving forward.

Along those same lines, we held our quarterly quality assurance performance improvement (QAPI) and medical staff meeting on July 17. Quality measures, patient/resident outcomes, satisfaction surveys, ongoing quality improvement projects, and various data were reviewed and discussed.

Health Information Department by Jerin Turner

We are currently recruiting for a casual receptionist. We will be moving forward with interviews to fill that position.

We are in the process of submitting patient level data to Quality Net, a division of the Centers for Medicare and Medicaid Services (CMS) that handles the reporting of psychiatric hospital quality measures. The due date for submission is 8/15/2024.

Norwood Nursing Department by Liz Masanz

We are currently utilizing two agency CNAs to cover open positions. There are 5.50 vacant CNA FTEs at this time, along with three casual CNA position. We continue to struggle recruiting CNAs, namely candidates actually showing up for a scheduled interview and then following up with us after the interview/verbal offer being made. We have also experienced at least three candidates no calling/no showing to scheduled orientation. For nurses, we have a 60% weekender RN position, casual RN position, and a 100% RN position vacant and posted.

Marissa and Liz continue every other week meetings with Oak Medical regarding transitioning to them providing medical directorship and physician services, which is currently provided by Marshfield Clinic. Oak Medical is now providing coverage to the two other nursing homes in Marshfield. The delaying factor in making the transition is the ability for Oak Medical to obtain additional physicians/practitioners to meet the needs of our facility.

Admissions Unit: The average census for the month of July was 8.13 and 6.65 year-to-date. Average length of stay for July was 7.48 and 5.95 YTD. There were twenty-seven admissions and twenty-five discharges, with three 30-day readmissions.

Marissa, Liz (DON), Krissy (Head Nurse), and Dr. Gouthro (treatment director) have been meeting to discuss possible barriers to admissions and census. This includes reviewing and drafting some changes to the medical clearance requirements in order to streamline the admission process. These proposed changes will be presented and discussed with the rest of the medical staff.

Long Term Care: The long- term care unit had four admissions and one discharge in July, with an average census of 7.94 on Crossroads and 13.84 on Pathways, with the year to date averages being 9.51 and 12.96 respectively.

The team continues survey preparation, meeting weekly to review critical element pathways and revised processes/policies as needed. We anticipate survey occurring late October/early November. Director of nursing and head nurse continued to work on revising/updating the facility assessment to meet the August 8 deadline.

Court proceedings continue against the former social worker, with a final pre-trial hearing scheduled for 9/5.

We are currently recruiting to replace the client services assistant position. The position is posted with interviews scheduled with qualified applicants.

Norwood Dietary Department by Larry Burt

Congregate meals for the month of July were 6,331 with revenue of \$46,757. Meals for the year are 41,325 with revenue of \$305,201.

As of writing this, we have a .50 FTE dietary aide vacancy. The positon is posted and accepting applications.

Capital Improvement Updates: 2023 Carry Over Projects

- Air Handler Rebuild: Materials have arrived for the air handlers. We plan to begin installation once the weather turns milder, possibly this fall.
- Building Security- Lobby: Work on the Lobby renovation have begun. The first week has been
 productive, if not slightly disruptive to our daily routines. Every effort is being made to
 accommodate our residents' needs during this process. Completion is expected in late
 August.

Capital Improvement Updates: 2024

- Water Pipe Replacement, Phase. 1: The contract with the design firm has been executed. The timeline for start of the design/engineering portion of the project will not begin until the fourth quarter of this year, with expected completion of design documents the first quarter of 2025.
- Wall Padding for Admissions Seclusion Room: The wall padding has been installed. By all accounts, the process went smoothly.
- Sidewalk / Paving Replacement: we are scheduled to begin replacing deteriorated walkways and a portion of the driveway near the loading dock later this summer. The concrete work was awarded to Hildebrandt Concrete and the paving by Wood Co. Highway Dept.

Other Maintenance:

Water Management: The Plan Approval Application for installing a disinfectant injection system was finally approved by the Office of Plan Review and Inspection. The disinfecting system is scheduled to be installed in early August. Flushing and filtering will continue for now.

Handrail Replacement: The Maintenance Dept. has been working on replacing wood handrails in the facility. All of the handrails in the residential spaces were completed in 2023 and much of the work in the main halls and ramps has been done in 2024, with only Ramp 1 (by Crossroads) to be completed. Not only is this an aesthetic improvement, the new extruded aluminum rails are easily cleaned which will improve infection control.

Bridgeway Transition: We have been working on preparing the former Bridgeway location for the upcoming transition to office space for the certified CSP program. This includes moving some offices and adding locks and data lines as needed. Maintenance will be working with IT to complete the latter.

CVSO Report to the Wood County Health and Human Services Committee

Meeting Date: August 22, 2024

July 2024 Activity: During the month of June we completed/submitted 301 federal forms include:

- 36 Intent to file a claim (this marks the effective date while we assist the veteran in gathering all the required supporting documentation)
- 27 Appeals Higher Level Review, Notice of Disagreement (appeal)
- 28 New claims for disability compensation
- 1 New claims for veterans pension
- 2 New claims for surviving spouse benefits (DIC or surviving spouse pension)
- 17 New applications for VA Healthcare
- 34 Appointments of Claimants Representative (POA for American Legion, VFW, DAV etc.)
- 14 Burial and marker applications
- 27 Request for individual's VA medical records *

*Request for VA medical records is a newly reported form, in addition we request many non VA medical records using the private providers procedures (then we have to read them).

Activities:

- 1. Completed as of August 15, 2024:
 - a. July 20 Wisconsin Department of Veterans Affairs Training (video).
 - b. July 31 Midstate Technical College Veterans benefit Boot Camp
 - c. August 13 Tomah VA Medical Center Directors quarterly meeting with CVSOs and Congressional Liasions
- 2. Near Future:
 - a. August 20 VA Regional office Director's VSO call in.
 - b. August 21-25 Booth at the Central Wisconsin State Fair
 - c. September 17 VA Regional office Director's VSO call in.
 - d. September 19 Wisconsin Department of Veterans Affairs Training (video).
 - e. October 4 Table at the Marshfield Senior Health Fair
 - f. October 14-18 CVSO/TVSO Association Fall Training Conference

Office updates:

- 1. **UPDATE**-Veteran's Video Conference room. Updated rent figures for Courthouse security office and the Veteran's Department discovered 115 square feet of space (interior walls and hallway) that were not billed in the past. This amounts to an increase of \$1,380 or 13% of the 2024 rent for Just the current veteran space. Rent for 2025 will be \$1,620 which will be covered by the increase (\$4,313) in the State grant to counties for improvement of veterans services. The remining \$1380 will be an increase in our normal office function and covered by tax levy.
- 2. Video disability compensation exam. This month a veteran had issues with his home internet connectivity and had to abort his video (telemedicine) compensation exam. This type exam is where a medical provider examins the veteran on a claimed disability and then opines on if the disability is due to military service and the current level of disability. Veteran was able to resechdule the exam and have it conducted here in our office. A staff member had to clear the

Agenda Item 4b- Consent Veterans Department Head Narrative page 2

office to allow for the private medical exam. Once we establish the Video/Conference room in the former security office we will be able to provide this service (privacy) with no interruption of staff.

Request for Out of State Travel Request for Sara Luchini (Public Health Nurse/Emergency Preparedness Coordinator) to Attend the

Preparedness Summit by NACCHO (National Association of City and County Health Officials)

April 29th- May 2nd in Houston, Texas

From the conference registration site:

Recovery is an important but often overlooked phase in the disaster life cycle that begins immediately after the threat to human life has subsided. We, as a community, must take time to be intentional about recovery to learn from our experiences and improve preparedness and response capacity into the future. This is particularly timely in the wake of the COVID-19 pandemic and amidst the cascading challenges of environmental disasters.

The theme of the 2025 Preparedness Summit, "Pathways to Recovery in the Aftermath of Disasters," will provide an opportunity to learn, and collaborate across the public health, emergency management, and healthcare sectors. By taking the time to consider and incorporate into our work the many facets of recovery, we can truly build resilience with our communities in the short- and long-term.

The Preparedness Summit is the place for you to gain the knowledge, resources, and relationships necessary to prepare for and respond to public health emergencies. This is an opportunity to join over 2,500 attendees—who work in all levels of the government (federal, state, and local), emergency management, volunteer organizations, healthcare coalitions, and academia—to share best practices, build partnerships, advance your skillset, and take away innovative solutions and practical strategies to address the vulnerabilities in our country's health security system.

Estimated Expenses:

Registration Fee: \$750

Hotel: \$700

Airfare: \$600

All expenses paid using PH Emergency Preparedness grant funds. No tax levy would be used.

Veterans Department 2023 Budget Narrative

Overall Budget increase estimated (unknown personnel costs) of 4.17% or \$16,779.00 with all but \$1,380.00 being due to personnel wages/fringe increases and liability insurance increase.

Function details:

3101- Veterans Relief, no increase. The veteran services Commissioners request all budgeted expense be funded by tax levy under Wisconsin State Statute 45.86 County tax for County Tax for Needy Veterans and no portion funded from the non-lapsing fund account. Note- the 2024 budget was increased \$2,063 and the finance department used the veteran's relief non-lapsing fund to cover that increase for 2024.

3102- Veterans Services, Undetermined increase in personnel expenses, increase of 12.92% or \$1,380 in Rent-interdepartmental (Courthouse) and 7.73% or \$187 in Rent-building (Wood Co Annex).

3104- Care of Veterans Graves, no increase

3105- WDVA Grants to Counties, no increase in function. Individual lines are reallocated to reflect changes in training locations, rent-interdepartmental of \$1,620 for the video conference room and planned outreach activities.

COUNTY VETERANS SERVICE OFFICE Mission Statement

The Wood County Veterans Service Department will provide timely and quality service for veterans seeking assistance with local, state and federal benefit programs. We exist to advocate for and support the United States military veterans and their families living in Wood County.

Program Narrative Details

Function 54710 Veterans Relief

County Veterans' Service Commission allows us to provide economic assistance to county veterans, dependents and survivors to prevent want and distress. The program assists applicants on a usually one-time basis to provide monetary benefits to recover from a temporary financial or medically distressful situation. The benefits provided through the Veterans Service Commission are long lasting, essential and far-reaching. We have been instrumental in providing immediate temporary assistance in saving a residence and needed medical transportation as examples.

- a. Mandated by Wisconsin State Statute §45.81 and §45.86. Level of service is up to the county.
- b. Program funding by county tax levy in accordance with Wisconsin State Statute §45.86 County Tax for Needy Veterans.
- c. Prioritization: two of five
- d. Impact of program on other programs. May effect other county programs as these veterans will put additional burdens on social programs and charity functions in the county. As part of the program, a long-term fix of the underlying issues is required.
- e. Impact of program expenditure cuts on program revenue. There is no program revenue.

Function 54720 Veterans Service Office

The Veterans Service Office counsels, assists, trouble shoots and educates veterans, dependents and survivors on county, state and federal programs that affect their medical and economic-wellbeing. The federal programs range from compensation and pension benefits (monetary and medical) for service-connected disabled veterans and needy veterans, families and survivors to educational and housing benefits. State Veterans' programs range from subsistence and health care grants for veterans, families and survivors to education, property tax credits (disabled or survivors), homelessness assistance, and recreation (DNR programs) benefits. Outreach/Community Programs promote the educating of the public and, in turn, make veterans more aware of benefits available to them. The benefits provided through the Wood County Veterans Service Office are long lasting, essential and far-reaching and effect a great number of our citizens.

- a. Mandated by Wisconsin State Statute §45.80. Level of service the County Board shall appoint a Veteran's Service Officer and provide office space supplies and staff to perform the duties outlined in State Statue 45.80.
- b. Program funding by county tax levy except for a grant for improvement of services. See function 74750 WDVA grant to counties.
- c. Prioritization: one of five.
- d. Impact of program on other programs. Reduction of federal and state veteran's dollars coming into the county. Reduction in the quality of life for many Veterans and their families, Increased costs to other departments servicing the needs of these residents. Not being aware of, understanding and applying for these programs will put a burden on the public and private sector in Wood County. Especially routine and emergency health care with prescription medication for the aging veteran population.
- e. Impact of program expenditure cuts on program revenue. Potential loss of WDVA grant to Counties.

Function 54730 Veterans Donations for Outreach and care of Veterans Graves

Provides a means for non-tax levy donated funds to be used to provide non-mandated programs. Established during the 2010 budget process in an attempt to remove purchase of flags and flag holders from tax levy. Note funding was added back to budgeted tax levy as an amendment to County Budget resolution.

- a. Non-Mandated
- b. Program funding public donations (non-lapsing fund).
- c. Prioritization: five of five.
- d. Impact of program on other programs. None
- e. Impact of program expenditure cuts on program revenue No longer accept donations.

Function 54740 Care of Veterans Graves

Care of veteran's graves consists of the actual care of veterans graves located in cemeteries within Wood County, which have no other care provided. This function also provides flags and fag holders to honor veteran's on patriotic holidays. Deceased veterans, their spouses and dependents who are buried in Wood County and the care of those graves are not provided by any other means.

- a. Mandated by Wisconsin State Statute §45.85 and §45.86.
- b. Program funding by county tax levy in accordance with Wisconsin State Statute §45.86 County Tax for Needy Veterans.
- c. Prioritization: three of five.
- d. Impact of program on other programs. The cancellation of the mandated care for veteran's grave may cause a problem from the local cemetery sextants. In the past local veterans took offense to and successfully lobbied to have the flag and flag holder expense placed back in the budget.
- e. Impact of program expenditure cuts on program revenue -none.

Function 54750 WDVA Grants to Counties.

The Wisconsin Department of Veterans Affairs Grant to Counties for improvement of services requires funding and expenditures be held in a separate account therefore this function was established. Used to fund items in function 54720 Veteran Service Office.

- a. Non-Mandated however authorized by Wisconsin State Statute §45.82
- b. Program funding Fully State funded. Amount of \$15,813.00 for 2025.
- c. Prioritization: four of five.
- d. Impact of program on other programs. Function 54720 would have to fund or eliminate programs and training.
- e. Impact of program expenditure cuts on program revenue Loss of state grant.
