June 2023 Activity Report
REPORTED TO COMMITTEE: 7/10/2023

1. WARNING & COMMUNICATIONS

- a. A spill of 20,000 gallons of papermill wastewater was reported by ND Papers in the City of Wisconsin Rapids on June 1, 2023. Spill was caused by equipment failure when a plastic plug-in pump that forwarded the pulp to pipes was plugged. Then the dump tower filled up and emergency overflow came into process. The drainage system for the overflow was clogged as well. Visual inspections were done, and they couldn't see any remaining substance. Tested pH to be 7.3, no cleanup crew hired.
- b. A spill of an unknown amount of coal and plastic was reported by Wood County Dispatch in the City of Wisconsin Rapids. Spill was caused by an intentional or illegal act (dumping). Report states ND Paper has allowed coal waste to wash into the storm drains near the silo which washes into the Wisconsin River. This has been going on for years. Waste is washed into the drains from a storage silo and coal pipes that are just left in the open for rainwater to run down. Within the last 6 months, a plastic recycling facility has opened up. Plastic materials will go to a grinder and will be dumped onto the ground outside of the facility. Plastic particles are left all over the area and also get into the Wisconsin River. Clean-up process unknown or not started at this time.
- c. A spill of 2800 I of nitrogen (fertilizer) used for agricultural purposes was reported by Wood County Dispatch in the Township of Lincoln. Spill was caused by a vehicle or vessel derailment, rollover or capsizing. The Wood County Sheriff's Department had one officer on scene and were in the process of calling the fire department. ACTIVITY REPORT

July 10th, 2023

- Child Support Reimbursement
- Open Records fulfillment
- Attended Bluegrass at the Lake Fundraiser for Wood County CISM Team and spoke with community members about Dispatch.
- Held meeting with new Dispatcher and Training program lead to discuss how the trainee was performing and graduated her to Phase 2.
- Other new Dispatcher resigned on Thursday, June 14th. She didn't feel as though she could handle the rigors of the job.
- New hire began on June 26th. She was a former corrections officer in both Wood and Adams County, so the hope is that she comes in with the knowledge from those positions to understand some of what is ahead of her and the skills to be successful.
- Attended monthly NexGen911 conference call.
- Working with Solarus, At&t and Intrado to get the Master Street and Address Guide (MSAG) to an acceptable level of congruence with our GIS system in place. The MSAG and GIS must have 98% match in order for NG911 to go live.
- Had meeting with Prepared911 to finalize plan to move forward with their free Web based text to 911 and video system. Contract was reviewed with Corporation Counsel and signed. There will be 4 on-boarding meetings before going live. Documents requesting information on the Center, call volumes and departments we serve were completed and returned to Prepared911.
- Joined a video conference with individuals from what3words. It's a geo-addressing application that can assist in locating people in emergency situations. It integrates with RapidSOS, which we already utilize, as well as with Prepared911.
- Had a meeting with the 4 lead dispatchers and Dr. Ivan Wayne from The Voyagerr. He is an Educational Psychologist that specializes in Employee Mental Health, Hiring and Retaining employees and management styles.
- Xybix, 911 console manufacturer, came on site to view our space in preparation for the potential CIP.
- Created profile on Everbridge for the Mass Notification system. Also attended a GoToMeeting regarding Maximization Mass Notifications for Missing Person.
- Coordinated with Wisconsin Rapids Police Department to have a dedicated dispatcher for their 4th of July staffing. Tested electronics and verified they would work at the command post inside City Hall.
- Attended Webinar on Standardized COOP planning for Wisconsin PSAPs.

Remarks:

Tablets: Deputy Coroner Berg is the first individual that will be using the tablet for day-to-day use for calls. He and I will be evaluating what, if anything, needs to be adjusted to ensure they are ready for full distribution and use. Thus far, it seems to be exactly what we needed in that it is a complete stand-alone device that meets the needs of this department.

Once any further “bugs” are worked out, they will be distributed to all of the deputy coroners for field use.

Respectfully Submitted,

David A. Patton

Notes: (The notes below reflect to the categories above in the y-t-d)

#4 – Falls: Sadly, this past month saw three more Wood County residents succumb due to injuries sustained from falls. Unfortunately, all three were from

our elderly population. Two of these three had fallen and fractured their femur or hip (1 of each) and went into adult failure to thrive/inanition due to these injuries. The third fall resulted in significant closed head trauma which ultimately caused the death of the individual.

#6 – Traffic Fatalities: This one traffic fatality was reported in Wood County being the individual expired at Marshfield Medical because of injuries sustained in a motorcycle vs. deer accident. The actual incident occurred in Adams County. Our office assisted Adams County with viewing and toxicology with respect to this case.

#10 – Overdoses: In June, we had two scene deaths that were the consequence of illicit drug use. Both individuals have tested “presumptive positive” with our field tests. We are awaiting final toxicology results to confirm this. Thus far, our field testing has been 100% accurate with respect to the suspected substances we test for. Neither of these individuals was autopsied.
