CHEMICAL TESTING

You will be tested throughout your participation in the Drug Court Program for controlled substances and alcohol as well as other mood altering substances. **Testing may include samples of your urine, breath, hair, saliva and skin.** You will be required to follow rules concerning drug testing including:

- Being placed on a random testing schedule which **requires you to call in daily** to see if you need to test, a drug testing report calendar will be provided to you each month.
- **Promptly complying with every request to test.** If you miss a test, sanctions can be imposed.
- Having all of your **testing directly observed.**
- **Being honest** if you know you will test positive. If you have a positive test and you have not discussed your use with a drug court team member before taking the test, this is considered dishonesty about use and an immediate sanction will be imposed.
- **Not tampering with any testing procedure.** If you tamper with a test, this could be grounds for termination. No diluting of your UA; all diluted drug tests are considered positive.
- **Reminder alcohol, delta 8, CBD, and any synthetic drugs are prohibited.**

Chemical testing lets the Drug Court know whether you are able to remain sober. If you are unable to stop using it means that the team should consider whether your treatment needs are being met. If you continue to use, you are not gaining the benefits of recovery and therefore not gaining the benefits of the Drug Court Program. If you are **honest** with the Team about your use, the Team will work with you to address your treatment needs rather than applying sanctions.

CONFIDENTIALITY

You will be **required to sign releases of information** authorizing the disclosure of health, medical, mental health, AODA, criminal, employment, and educational records for the purpose of screening you for Drug Court and to allow the Drug court and your treatment providers to exchange information regarding your progress. You will be required to update these releases as necessary.

DISCRIMINATION

The Wood County Adult Drug Treatment Court does not discriminate based on cognitive or physical ability, gender, race, sexual orientation, religion, socioeconomic status, ethnicity, or in

any other way. If any participant believes they have been discriminated against in any way or have a complaint, participants shall follow the grievance procedure.

COMMUNITY SUPPORT GROUPS

As you progress through the phase system, ***you will be required to attend support groups in the community.*** Alcoholics Anonymous, Narcotics Anonymous, SMART Recovery, Women for Sobriety and online support meetings are examples of community based support groups. Attending three support meetings a week is required and one must be an in-person meeting. A faith-based/spiritual meeting counts towards a meeting, but it does not count towards your one required in-person meeting. The goal is for you to build a sober support network, which will remain in place once you have graduated from Drug Court. Your case manager and/or treatment provider will be able to assist you in identifying a group that is available and feels right to you in your journey.

RELATIONSHIPS

A large part of a healthy life are the relationship you choose to be in. Drug Court helps you to have healthy prosocial relationships with others. Relationships or friendships with others who may jeopardize your recovery or provide you access to drug/ alcohol will be prohibited. Participants must disclose any significant relationship that they are in when they enter the program. This is a continuing obligation. If the participant is involved with a person that is involved with drugs, alcohol, or unlawful behavior, the participant can expect that the relationship will likely need to end. If the Court believes that there is an unhealthy relationship in existence, the Court might impose some form of a restriction on that relationship. Individuals may be subject to providing chemical testing to verify they are sober and healthy supports, and this testing cost may be at the cost of the participant if lab confirmation is required. The Court could, if needed, order a termination on the relationship while the participant is in Drug Court. Significant relationship is defined as a relationship that is romantic, sexual, dating, cohabitation or spending time with someone that is more than a friend.

EMPLOYMENT

You will be ***required to obtain and maintain employment*** while in Drug Court. If you are unemployed upon starting Drug Court, you will be ***required to apply for jobs and do community service to fulfill these hours until you get a job.*** Employment is an important piece of recovery and will be promoted early but required at a later phase. In some cases, the Drug Court team recognizes that due to disabilities, advancements in education, or other individual reasons work may be unattainable or only attainable in small amounts of time. In this scenario the Drug Court team will make decisions on a cases-by-case basis. Must have approval to work out of the county.

You will be *expected to comply with all directions of your supervising probation agent* during your time in Drug Court. Compliance of all rules of supervision and any violations will be considered when evaluating your progress in Drug Court.

As a Drug Court participant, you will be *expected to meet with your case manager* throughout your time in Drug Court. You will be expected to meet with your case manager as required in the phase outline; however, your case manager may request to meet with you more frequently if needed or less frequently as progress allows. If your case manager feels this is necessary you will be expected to comply.

TERMINATION

Any member of the Drug Court team can request your termination from Drug Court if they believe that you should no longer be allowed to complete the program; however, the team will discuss the request and the Judge will make the final decision as part of a hearing. During this hearing you will have the opportunity to have counsel represent you. Some reasons why termination might be considered:

- Not following the rules;
- Arrest or conviction on new criminal charges;
- Failure to appear for court, treatment, support groups or other programming;
- Any other grounds that the Drug Court Team finds sufficient and after all other appropriate interventions have been tried and failed.

GRADUATION

Graduation is recognized as a very important event in your life. Your loved ones will be invited to join you at a ceremony as the Drug Court Team congratulates you for successfully completing the Drug court Program and achieving your goal to establish a sober life in recovery.
